ANNUAL REPORT 2016

JAMUNABANK

SHAPING A SUSTAINABLE GROWTH

Jamuna Bank believes in development that meets the need of current generation without having compromised the future generation to meet their need. The bank remains conscious to using its resources for generating assets and doing activities that leave a positive and lasting impact on the environment. The bank realizes that sustainability is needed for the very existence of the mankind. It focuses on both external as well as internal activities. When it comes to external activities of mainly financing businesses or setting up of manufacturing/service facilities, the bank endeavors to ensure that the businesses have a proper environmental management system in place. The bank is also making it a point that the internal use of water, energy, fuel, equipments etc. have minimum impact on environment and the resources are recycled where possible. The bank believes that its efforts combined with the efforts put on by others will help the country vis-a-vis the world to transit towards a better and sustainable place for living in the days to come.

Chairman's Statement

Mr. Md. Ismail Hossain Siraji

Chairman of the Board of Directors

Dear Shareholders,

On behalf of the Board of Directors of the Bank, I am pleased to present you our Annual Report for the year 2016. Your continued trust, encouragement, support and fair criticism give us energy, enthusiasm, confidence and motivation to strive for continuous betterment. The business performance of 2016 has blessed the bank with an aura of confidence that will ensure our competitive advantage. Let us express our enormous gratitude for your constant support and belongingness to your Bank, Jamuna Bank Limited.

From the very inception of the Bank, we have been concentrating on value addition to all of our Customers, Shareholders and Stakeholders. The year 2016 has been a bumpy ride for the financial sector as a whole. The economy had its sheer ups and downs. Today I feel overwhelmed to report that Jamuna Bank Limited has touched a commendable milestone of performance in 2016 excelling in all aspects of financial indicators i.e. operating profit of Tk.417.95 crore, Total Deposit of Tk.14,155.10 crore, Total Loans and Advances Tk.11,709.96 crore, which represents growth of 15.17%, 19.10%, 34.21% respectively. Our 4.05% of NPL signifies the underlying strength of our asset base and Earning per Share (EPS) is Tk.3.06 which is rationally sound than that of most of our competitors. However, in a dynamic operating environment characterized by unexpected events of both local and international, we saw the benefits of remaining nimble, adapting to change, while adhering to our long-term strategy to support our customers and delivering the excellence to our shareholders. Through our responsible growth strategy, we grew revenue, proportionately controlled our expenses, managed risks and continued to invest in developing our human capital and our capabilities.

We know our people are our best capital to add value, to differentiate the bank from our competitors. We have gone the extra mile, investing on training and development to develop the capacity of the existing workforce to be the market leader. The Board of Directors of the Bank has empowered the Management and gave them freedom to contribute to the business growth. Furthermore, the Board of Directors through its strategic positioning approved HR policies to nurture and stimulate the motivation of talent for a strong human resources platform. The Board of Directors of the bank is well aware of technology and is constantly investing on the state-of-the-art technology to speed and accelerate the business processes ensuring the safeguard of much-hyped cyber threat for sustainable growth of the bank.

In respect of Corporate Social Responsibility (CSR), Jamuna Bank is always stepping ahead to disseminate the social services across the country. In 2016, 3% of pre-tax profit was allocated to the Jamuna Bank Foundation (JBF). JBF plays a pivotal role to serve the community where we are serving our customers. We are ethically committed to render social services to the mass people to emerge as a change agent for a poverty free society. As you may already know, the bank has already acclaimed excellence occupying the top position in social services.

Our strategy is to satisfy our customers who are at the heart of our business through tailor-made customer service, building a pool of actively engaged workforce under the leadership of a highly experienced and dynamic Management Team. Our gradually increasing efficiency will generate more coins in your bucket because we have already amassed core competencies in combination with product market positions for exploiting above average profitability. “Your investment-our strategy” has set up a strong organization for meeting the challenges the days coming ahead.

My sincere appreciations and gratitude to our hon’ble Shareholders, Stakeholders and valued Customers of the bank for the abiding trust, confidence and cooperation they have shown on us. I wish to extend my thanks on behalf of the Board of Directors to our Management Team, line Managers and Employees of the bank for their dedication and hard work who clearly stand out in the industry as ‘Winners’.

Thank you once again for being with us.

Assalamu Alaikum

It gives me a great pleasure to report another year's successful operation. The Bank added another Tk.2,984.73 crore to its risk asset portfolio, an increase of 34.21% over the year and December 2015 figure. In the face of cut-throat competition Jamuna Bank continued to offer its products at the best possible price and ensured customer satisfaction to remain successful in the market.

The market dynamics in 2016, however, continued to be a concern as the pricing signals that were created as a result of supply and demand levels of credit and deposit kept the banks to be a little apprehensive in booking assets and exercising caution in expansion of activities. In the middle of sliding interest rate, excessive liquidity and rising NPLs, Jamuna Bank's policy of cautious moves in major business segments to minimize risks, resulted in posting an impressive bottom line.

SME business was one of our focus segments in 2016, although as with the industry trend, our business with corporate dominated the loan port-folio. The bank, however, was very cautious in soliciting business and endeavored to increase exposure with highly rated clients. Our exposure with rated clients went up to 33% in 2016 from 24% in 2015 in an overall credit growth scenario of 34.21% in 2016. Retail has been an area of interest considering its huge potential and we have taken steps to reorganize the functional set up to push the business further. Simultaneously, stronger loan work out strategies was put in place which resulted in an increased NPL recovery and a decrease in gross NPL to 4.05% in 2016 from 6.69% in 2015.

It has always been our priority to reach a larger section of our valued customers by providing quality services in an easy, automated and technology driven environment. All our 112 branches are online and we are providing value added services like SWIFT, ATM, National Payment Switch, VISA Card, Mobile Financial Services, SMS banking, Internet banking, BACH & EFTN, TFPC, RTGS etc to our valued clients in highly secured manner. We have also implemented Fall Back and Business Continuity plan for all branches to ensure safety and security of ICT operation and to ensure uninterrupted customer service. We also made a major leap forward to embark into the implementation of core banking solutions TCS BaNCS in our bank with TATA Consultancy Services.

We strengthened our risk managing capabilities further in 2016 and continued to emphasize on monitoring and managing our risk exposures including, but not limited to, credit risks, market risks, operational risks, FX risks, Internal Control and compliance risks, IT risks etc. Bank's regulatory capital stood at Tk.1580.92 crore as on 31st December, 2016 (up by Tk.121.22 crore from the position as on 31st December, 2015). Capital Adequacy Ratio (CAR) under Basel III as of the position on 31st December, 2016 worked out at 10.93% as against a minimum requirement of 10.625%.

The larger part of the society, the have-nots and the downtrodden, have continued to receive our attention and we made it a point to serve the larger segment of the community as the institution has prospered and grown with the help and efforts of this larger community. Our CSR activities are wide-ranging and specifically made to address the need of the specific segments of people. It covers activities such

as supporting burn affected people, blood donation, relief distribution to disaster hit people, assisting underprivileged people with free elementary school, books & supplies, medical camp at Biswa Ejtema, free medical service, anti drug campaign, distributing blankets to winter hit people, providing scholarship to poor and meritorious students, establishing old home etc.

The macro-economic scenario of the country with a steady, upward GDP growth rate and downward inflation followed by a rising per capita income, stable FX rate and an enabling environment, promises Bangladesh to be a preferred investment destination in the coming years. Having due regard to the challenges faced in 2015 and keeping in mind the opportunities vis-à-vis the competition ahead, Jamuna bank is carefully planning its steps forward to book a greater share of the business. I am confident that going forward, with the stronger risk management capabilities, convenient & professional services and customer confidence earned, the bank should be in a better position to attract more profitable relationships. I believe, 2017 would be a stepping stone for us towards transforming into a well managed, highly professional, customer-oriented bank contending to be in the top five of the banks in five years down the line.

I recall with gratitude and take the privilege to thank the honorable Board of Directors of Jamuna Bank Limited who has always been extremely supportive in our journey towards shaping a brighter future for Jamuna Bank Limited. Our achievement to date would not be possible without the active guidance, prudent policy support and vision provided by the honorable Board of Directors. I also express my gratitude to our valued customers and shareholders who remained loyal and kept confidence on us in our days of ups and downs. I also thank my colleagues and the team Jamuna bank who have been highly committed, loyal, dedicated and exceedingly enterprising in whole of the journey.

Directors' Report

DIRECTORS REPORT

The Board of Directors of Jamuna Bank Limited takes pleasure in welcoming you all to the 16th Annual General Meeting (AGM) and presenting Annual Report and the audited financial statements of the bank for the year ended 31 December 2016 along with the Auditors' Report thereon.

The Directors' Report has been prepared in compliance with section 184 of the Companies Act 1994, BSEC Corporate Governance Guidelines issued on 07 August 2012, Listing Regulations of Dhaka and Chittagong Stock Exchanges, guidelines of Bangladesh Bank and other applicable rules and regulations.

Before going into details of the performance of the Bank, let's start with the status of global and local economy in brief.

Global Economy: A Brief Review & Outlook

Stagnant global trade, subdued investment and heightened policy uncertainty marked another difficult year for the world economy. Advanced economies continue to struggle with subdued growth and low inflation in a context of increased uncertainty about policy direction, tepid investment, and sluggish productivity growth.

Activity decelerated in the United States and, to a lesser degree, in some other major economies. As a result, advanced-economy growth is now estimated to have slowed to 1.6 percent in 2016, a downward revision of 0.1 percentage point.

The condition of emerging and developing economies remains quite varied: growth in China was a bit stronger than expected supported by continued policy stimulus; overall activity was weaker than expected in some Latin American countries currently in recession, such as Argentina and Brazil, as well as in Turkey, which faced a sharp reduction in tourism revenues. Activity in Russia was slightly better than expected, in part reflecting firmer oil prices. Many economies in the Middle East and Sub-Saharan Africa, however, continued to face challenging conditions. India's economy continued to recover strongly, benefiting from a large improvement in the terms of trade, effective policy actions, and stronger external buffers, which have helped boost sentiment.

The global growth is projected to be 3.4% in 2017 and 1.9% for advanced economies, as per IMF projections.

The projection for the United States is the one with the highest likelihood among a wide range of possible scenarios. It assumes a fiscal stimulus that leads growth to rise to 2.3 percent in 2017. Growth projections for 2017 also have been made upward for Germany, Japan, Spain, and the UK, mostly on account of a stronger than expected performance during the later part of 2016. The growth forecast for 2017 in China is projected to be 6.5%. In India, the growth forecast for the current (2016-17) and next fiscal year were trimmed by one percentage (7.2%) point and 0.4 percentage point, respectively, primarily due to the temporary negative consumption shock induced by cash shortages and payment disruptions associated with the recent currency note withdrawal and exchange initiative. Elsewhere in emerging Asia, growth was also revised down in Indonesia, reflecting weaker-than-projected private investment, and in Thailand, in light of a slowdown in consumption and tourism. In Latin America, the growth downgrade reflects to an important extent more muted expectations of short-term recovery in Argentina and Brazil following weaker-than-expected growth outturns in the second half of 2016, tighter financial conditions and increased headwinds from U.S.-related uncertainty in Mexico, and continued deterioration in Venezuela. In the Middle East, growth in Saudi Arabia is expected to be weaker than previously forecast for 2017 as oil production is cut back in line with the recent OPEC agreement, while civil strife continues to take a heavy toll on a number of other countries.

Bangladesh Economy: A Brief Review & Outlook

Bangladesh Economy has achieved significant success in many areas including trade, finance, business, commerce, planning in recent years. GDP growth rate reached 7.11 percent while the per capita income rose to \$ 1466. The country's foreign exchange reserve has reached almost \$ 31.265 billion and foreign remittance stood at \$16 billion. Foreign direct investment witnessed upward trend, which attests to a conducive investment climate. In order to prioritize large scale infrastructure, communications and power projects, government is implementing various mega projects like Padma Multipurpose Bridge, Rooppur Nuclear Power Plant Project, Rampal Coal-fired Thermal Power Plant, Dhaka Mass Rapid Transit Development Project (Metro Rail Project)

etc. The government has achieved successes in the power sector and power generation capacity reached to 15000.00 MW and has fixed a target to generate 24,000 MW electricity by 2021. Seventh Five year plan (2016-20) has been approved with a view to accelerating the economic growth of the country and to alleviating poverty.

Economic Growth: Bangladesh has maintained an impressive track record on growth and development. In the past decade, the economy has grown at nearly 6 percent per year. In 1972, the World Bank approximated the Gross Domestic Product (GDP) of Bangladesh at USD 6.29 billion, in 2015, the GDP stood at USD 195.1 billion (according to World Bank), growing almost 31 times in a matter of four decades. Bangladesh economy is classified in three sectors—Agriculture and allied (contributing about 14.75% in GDP), Industry (contributing about 28.56% in GDP) and Services (contributing about 56.69% in GDP). Among the extensive sectors of GDP, the growth of Agriculture, Industry and Service sector is 2.60 percent, 10.10 percent and 6.70 percent respectively in the current fiscal year, which was 3.33 percent, 9.67 percent & 5.80 percent in the previous fiscal year. The steady growth rate was possible due to satisfactory growth in industrial and service sector.

Money Supply and Credit: Though the growth of the reserve money and Broad Money (M2) increased a little bit, the growth of the Narrow Money (M1) decreased during 2015-16. The growth of the Narrow Money has stood at 16.14 percent in 2015-16, whereas this growth was 10.00 percent in the previous year. During the same period the growth of Broad Money and the reserve money stood at 13.11 percent & 15.51 percent respectively which was 12.80 percent & 15.29 percent in the last fiscal year.

Inflation: The annual average inflation rate was 6.25 percent in July, 2015 which stood at 5.52 percent in December, 2016 due to decrease in both food and non food inflation. In, December 2016, the average inflation rate stood at 5.52 percent.

Interest Rate: At the end of June 2015 the weighted average rate of interest on loan and the weighted average rate of interest on deposit was 11.67 percent and 6.8 percent which at the end of June, 2016 came down to 10.39 percent & 5.54 percent respectively. The spread of interest rate slightly decreased to 4.85 percentage points at the end of June, 2016 from 4.87 percentage points at the end of June, 2015.

Export: According to Bangladesh Economic Survey-2016, with export of \$34 billion in 2015-16 was not one of the best years for export growth though it ended on a positive note of 9.7% growth for the

year despite several challenges in the global market including terror attacks in Europe and Brexit. During this period, the growth rate of two major products i.e. readymade garments and knitwear were 12.71 percent & 7.29 percent respectively. Among the other products petroleum by-product (328.51%), pharmaceuticals (15.33%) and leather products (62.09%) were mentionable.

Import: The total import payment stood at \$39.7 billion registering growth of 5.5% compared to 11% in the previous year. The import of crude oil and petroleum products accounted for 6% of imports shares right after textiles (14%), capital machinery (8%), iron and steel (8%).

Overseas Employment and Remittances: Remittance takes center stage this year as remittance figures experienced a fall in 2015-16 (\$14.7 billion) recording a decline of 2.5%. During the Fiscal year 2015-16 about 5,62,000 number of Bangladeshi workers left for foreign employment which was 51.25 percent higher than that of the same period of previous year.

Balance of Payments: In the fiscal year 2015-16 the trade deficit stood at USD 4.64 billion which at the same time of the previous year was USD 4.67 billion. During this period, the deficit in service & revenue stood at USD 1.91 billion & USD 1.89 billion respectively. The surplus in the current account stood at USD 2.93 billion whereas it was USD 2.43 billion at the same time of the previous year.

Foreign Currency Reserve: The foreign currency reserve had surpluses USD 25,000 million at 30 June, 2015 and increased to USD 30.05 billion at 30 June, 2016.

Exchange Rate: At the end of July, 2015 the weighted average value of Taka was Tk. 77.80 per USD where it stood at Tk. 78.40 against per USD at the end of June, 2016. During the current fiscal year the exchange rate between Taka & USD has depreciated by 0.76 percent.

Per Capita Income: The per capita income in Bangladesh increased by 11.39 percent to \$1,466 this fiscal year, according to the Bangladesh Bureau of Statistics. It was \$1,316 in the last fiscal year.

Savings and Investment: In the fiscal year 2015-16, the domestic savings and national savings increased compared to the rate of GDP growth. According to the provisional statement, domestic savings and national savings has been estimated to be 23.89 percent & 30.31 percent of GDP in fiscal year 2015-16, respectively, which was 22.16 percent & 29.02 percent respectively in the previous fiscal year.

Revenue Collection: The target of revenue collection (revised) was fixed at Tk. 1,77,400 Crore during fiscal year 2015-16 which was 10.26 percent of total GDP. Of this target, NBR Tax Revenue was Tk. 1, 50,000 Crore (8.67 percent of GDP), Non-NBR Tax Revenue was Tk. 5,400 Crore (0.31 percent of GDP) and Non-Tax Revenue was Tk. 22,000 Crore (1.27 percent of GDP).

Government Expenditure: According to revised budget, in 2015-16 the total Govt. expenditure was estimated at Tk. 2, 64,564 Crore which was 15.30 percent of GDP. Of this, the Annual Development Programme expenditure and Non-Development Budget expenditure were Tk. 91,000 Crore (5.26 percent of GDP) and Tk. 1,73,564 Crore (10.04 percent of GDP) respectively.

Capital Market: It is observed that, though the index of capital market has slightly decreased, the capital market experienced relatively stable condition in the recent years. The market capitalizing of DSE stood at Tk. 3, 18,574 Crore at the end of 30 June 2016 compared to Tk. 3, 24,731 Crore at the end of 30 June 2015. At the end of June, 2016 the number of listed securities in DSE stood at 559, which was 555 in June, 2015.

Overall Outlook: Bangladesh aspires to be a middle-income country by 2021 which requires GDP growth to be 7.5 to 8 percent per year based on accelerated export and remittance growth. In this regard, both public and private investment will need to increase as well. Growth will also need to be more inclusive through creation of productive employment opportunities in the domestic economy. To sustain accelerated and inclusive growth, Bangladesh will need to manage the urbanization process more effectively, as well as prepare for adaptation to climate change impacts.

Banking Industry in 2016 & Outlook

Banking sector passed a steady year in 2016 as there was no report of any big corruption though Bangladesh Bank (BB) continued to face reserve hacking problem during the period. All the major indicators, including deposit, advance, foreign exchange reserve, exchange rate, export, import, inflation and private sector credit growth are in good position. Operating profits of most of the scheduled banks increased significantly in the year 2016 amid relatively calm political situation in the country.

But It was observed that in 2016 there was a intense competition among banks in terms of rates. The Industry is entering into a new epoch of lower interest rates regime. All the schedule banks have slashed the lending rates. In December 2016, the weighted average interest rate on lending reduced to 9.93 percent. In the same way weighted average interest rate on Deposit also reduced to 5.22 percent in December 2016.

Increasing off-shore borrowing by reputed local business houses has reduced banks' scope to lend more, while rising nonperforming loans have eaten up profits in the name of provision. Banks with surplus liquidity also offered additional benefits in the just-concluded year to retain good customers who have a record of regular loan payments. The overall non-performing loan (NPL) situation reveals a higher percentage of impaired loans which is around 10 percent of total outstanding loan of the banking industry. Due to rising levels of NPLs, banks will be forced to increase their loan-loss provisions which have an adverse impact on their profitability.

On the other hand Banking Industry has achieved significant growth in deposit mobilization and also in rational approach for loan disbursement. Total deposits in banking industry increased to Tk.8403 billion in December 2016 as against Tk.7,450 billion in December 2015 representing a growth of more than 12.78 percent. Total Bank's advance increased to Tk.7,131 billion in 2016 from Tk.6,175 billion in 2015 registering around 15.49 percent growth.

The forex reserve hit a record of \$32 billion in 2016, which was enough for meeting the country's eight months import costs. But the inflow of remittance witnessed a downward trend in the last couple of months of FY 17 as the country received \$5207.13 million from July to November in the fiscal which was 15.67 per cent lower than the same period of FY16 when it was 6,174.57 million.

Investment Activities:

Money Market: JBL Money market desk assumes the responsibility of maintaining Cash Reserve Ratio (CRR) and also local currency fund management of the Bank. The year 2016 was particularly challenging for Treasury as the money and FX market was flat. The desk kept a close watch and strict monitoring to make sure CRR is maintained. JBL money market is one of the most active and efficient desks in the inter-bank money market of the country. The desk used the money market products such as call money, term money, SWAP, Repo, Reverse Repo etc. to the best of their potential to reap a considerable income in 2016.

Fixed Income (Primary Dealer): Fixed Income desk of JBL Treasury proactively conducts its role as a PD. It also maintains the required liquidity reserve in approved securities. JBL is working hard to build a secondary market for Govt. securities. In recognition of its proactive role and being the most successful trader of securities in the secondary market, JBL has been rewarded 14 times by Bangladesh Bank as the best primary dealer. JBL fixed income desk maintained a sizable amount of securities in its trading book and has been very successful in utilizing the market potential to book hefty gain.

Foreign Exchange: JBL Treasury has been playing a pivotal role and meeting all the funding requirement of the bank including foreign currency. Over the years the FX desk of JBL Treasury has been maintaining bank's Net Open Position (NOP) and FC liquidity in a discreet manner to manage exchange rate risk involved in commercial transactions of on-shore and off-shore banking units. JBL is one of the leading market makers of foreign currency products like spot, swap, forward transactions in inter bank market. In 2016, JBL Treasury made forecasts on future exchange rate movement on a regular basis and maintained its open position based on its forecasted future position. FX market saw an upward trend during November –December 2016 when JBL made cautious moves and managed the position with high efficiency and made handsome gains.

Card Business:

Jamuna Bank Limited (JBL), a leading issuer of Debit and Credit cards in Bangladesh, has introduced EMV Chip based Credit Card to make authentication more secure risks from schemers. The Bank gradually replace all its existing magnetic stripe Debit, Credit Cards with this EMV Chip Card in coming days. The introduction of EMV Chip Card is expected to make card transactions safer and secured and also promote cashless transactions. Jamuna Bank Limited has introduced 'Protection Plus' the life insurance product for its valued Debit card customers. The purpose of Protection Plus is to provide bank's customers with an opportunity to manage their life risk by simply transacting to a nominal amount in card. Protection Plus is the life insurance offer from Jamuna Bank Limited built on monthly debit card transaction of a customer in POS machine. Jamuna Bank Limited has introduced VISA Platinum Credit Card for its premium customers.

Profitability and performance of the Bank

Jamuna Bank recorded operating income of Tk.8,115.81 million in 2016 (solo) with a growth of 16.34% against previous year. We had to devote a lot of effort to achieve the growth. As a result of its strong commitment to improve its efficiency and profitability ensuring compliance of all regulatory requirements, the Bank consistently improved its performance. Furthermore, the Bank maintained its financial strength through sound risk, liquidity and capital management. Bank's performance was accomplished mainly from downsizing of loan loss, sticking to core banking business, consolidation of business mix with expanded pie on textile sector, efficient cost management as well as appropriate strategic choice.

Our overall position for the year 2016 suggests that our achievement particularly revenue basket was more viable that we have expected. Bank's Net Interest Income increased by 57.85%, Investment Income was stable consequently total operating income increased by 16.34%. Thus the Bank could gross an amount of Tk.8,115.81 million in Operating Income.

On the balance sheet side, the total assets of the Bank Tk.168,418.30 million showing up an increase of Tk. 25,559.13 million from Tk.142,859.17 million of 2015. The Growth was achieved in Loans and advances by 34.21%. Deposits also showed a growth of 19.10%. The Bank continued to have capital adequacy at 10.93% in accordance with Basel-III requirement. Total Shareholders' Equity increased to Tk.140.29 million. Liquidity maintained a comfortable position with liquid assets (Cash, Balance with other banks and financial institutions, money at call, treasury bonds and tradable securities) forming 27.48% of total assets. The Bank could maintain an effective control on Loan to Deposit ratio at 82.73% at the year-end.

During the year 2016, the NPL Ratio of the Bank decreased to 4.05% from previous year's 6.69%. The absolute figures show the decrease in classified portfolio from BDT 5,839.68 million in 2015 to Tk.4,743.50 million in 2016. Special efforts are being made by forming various Recovery Task Forces during the course of the year, which were further intensified during the last quarter of the year and it helped to reduce the impact of the stressful economy on NPL to a moderate extent comparing to the industry.

Review of Financial Reporting

As per requirement of the Corporate Governance guidelines issued by the Bangladesh Securities and Exchange Commission (BSEC), we are presenting the following information:

True and Fair view of Financial Statements :

Management is responsible for the preparation of consolidated financial statements of the Group and also separate financial statements of the Bank that give a true and fair view in accordance with Bangladesh Financial Reporting Standards as explained in note 2.01.1 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements of the Group and also the separate financial statements of the Bank that are free from material misstatement, whether due to fraud or error. The external auditors i.e. SHAFIQ BASAK & CO., Chartered Accountants also provided their opinion that the consolidated financial statements of the Group and also the separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2016, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards as explained in note 2.01.1.

Maintenance of Proper Books of Account: Proper books of account as required by law have been kept by JBL. The external auditor, SHAFIQ BASAK & CO., Chartered Accountants mentioned in their report titled "Report on Other Legal and Regulatory Requirement" that "proper books of account as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books."

Application of Accounting Policies and Accounting Estimates: Appropriate accounting policies have

been consistently applied in preparation of the financial statements and that the accounting estimates are based on reasonable and prudent judgment.

Preparation of Financial Statements as BAS/BFRS and any Departure there from:

Financial statements of the Bank for the year ended 31st December 2016 have been prepared in accordance with International Accounting Standards (IAS)/Bangladesh Accounting Standards (BAS)/International Financial Reporting Standards (IFRS)/Bangladesh Financial Reporting Standards (BFRS), as applicable in Bangladesh, the "First Schedule" (section 38) of the Bank Companies Act, 1991, BRPD Circular no. 14 dated 25 June 2003, other Bangladesh Bank Circulars, The Companies Act 1994, the Securities and Exchange Rules 1987, Dhaka and Chittagong Stock Exchange's listing regulations and any departure there-from has been adequately disclosed.

Going Concern of Bank's Business

After reviewing the company's present and potential business growth, it is observed that the company has adequate resources to continue to operate in the foreseeable future and No significant doubts upon the Bank's ability to continue as a going concern. The financial statements of the Bank have been prepared on the assumption that the Bank is a going concern and will continue in operation for the foreseeable future.

Review of Internal Control System

Jamuna Bank has established an effective organizational structure to maintain strong internal control culture by properly complying with Bangladesh Bank Guidelines and implementing JBL ICC policies through the resources of the ICC Division.

Control Environment:

The control environment is the foundation on which an effective system of internal control is built and operated in an organization that strives to (1) achieve its strategic objectives, (2) provide reliable financial reporting to internal and external stakeholders, (3) operate its business efficiently and effectively, (4) comply with all applicable laws & regulations, and (5) safeguard its assets. Control environment of JBL has been designed to protect the interest of all the stakeholders of the Bank in the best possible way.

Risk Management:

As Board of Directors, its Executive Committee, Audit Committee, Risk Management Committee, Management Committees, Management Units keep constant involvement in risk management, the ICC Division contributes to make the job more effective and successful. This Division independently verifies that all the branches/divisions are conducting their business in compliance with all approved risk management and internal control policies. If deviations are found, they are reported and got corrected to mitigate risk on a continuous basis. Thus,

ICCD ensures the Board that the Bank is operating in compliance with all approved and established policies.

Segregation of Duties:

Internal Control & Compliance Division (ICCD) of the Bank is comprised of 03 (three) interrelated wings/units, namely i) Audit & Inspection Department, ii) Monitoring Department and iii) Compliance Department.

Audit & Inspection Department: This department conducts comprehensive/surprise/special inspection on branches and different divisions/units of Head Office in line with the yearly audit plan as approved by the Board of Directors. The division has already chalked out the Audit Plan for the year 2017 covering all the branches and divisions of the Bank as per ICC guidelines of Bangladesh Bank.

Monitoring Department: It monitors and reviews the operational performance of various branches like off-site supervision through quarterly operation reports (QORs), loan documentation checklists (LDCs), departmental control function checklists (DCFCLs), etc. as part of their off-site supervision activities. If any major deviation is found, this department recommends to the Head of ICCD for sending inspection team to the concerned branch for thorough review. Besides, they prepare Memo for the Audit Committee of the Board and subsequently, communicate their instructions to the branch/division for prompt implementation.

Compliance Department: The primary responsibility of this department is to ensure full compliance of the regulatory requirements including directives of Bangladesh Bank, National Board of Revenue (NBR), Bangladesh Securities & Exchange Commission (BSEC), Registrar of Joint Stock Companies & Firms (RJSC), Ministry of Finance, etc. having significant impact on the bank's business. Compliance is a continuous process. For this, our control system has been designed in such a way that compliance with all the relevant requirements is maintained in each activity of the Bank. The Board of Directors and the Senior Management of the Bank have developed a high ethical and moral standard to ensure strong compliance culture.

Accounting Information and Reconciliation:

A proper system and environment has been established in the Bank to provide accurate and updated accounting information and proper reconciliation of accounts on timely basis.

IT security:

IT security is the protection of information systems from theft or damage to the hardware, the software, and to the information on them, as well as from disruption or misdirection of the services they provide. It includes controlling physical access to the hardware, as well as protecting against harm that may come via network access, data and code injection, and due to malpractice by operators, whether intentional, accidental, or due to them being tricked into deviating from secure procedures.

IT security is composed of computer security & Network security. At present scenario most of the crime occurred through the Network. Network security management includes access rights, end point security, firewalls, intrusion prevention/detection, network access control, security monitoring and wireless security. Jamuna Bank Management is very much concerned regarding the IT security and has taken all kinds of initiative as per ICT security guide line of the regulator.

Jamuna Bank Ltd. started its Banking operation since June 2001 with the Core Banking solution (CBS) called "Flora Bank". Till date this software is providing all sorts of banking services to the valued clients

of the Bank. In the CBS – the User security is being maintained in compliance with the ICT security guide line of the regulator.

JBL has the ATM services network having 215 Nos. of own ATMs. JBL has deployed the enterprise security solution for the Data and information security of the Bank. We have the real time replication system to maintain Data redundancy to mitigate the Data loss risk. We have a Disaster Recovery site (DRS) to ensure the banking operation at the time of any failure of the main Data center (DC).

Self-Assessment/Monitoring

While conducting comprehensive/surprise/special inspection on different branches the Audit & Inspection Division evaluates, assesses and gives risk rating of the branches in the reports and submits to the Audit Committee of the Board for their further evaluation and recommendation.

Furthermore, according to the provision of DOS circular letter no.17/2012 of Bangladesh Bank, JBL has started its self-assessment (on the effectiveness of anti-fraud internal controls) activities to report to Bangladesh Bank timely.

Corporate Governance

Corporate Governance

Corporate Governance ensures to bring transparency, accountability and professionalism in the management system of a corporate body that enhances the credibility and acceptability to the shareholders, employees, potential investors, customers, lenders, governments, regulators and all other stakeholders.

Corporate Governance can bring the investors trust by ensuring compliance of laws, transparency, accountability, responsibility and fairness. By maintaining compliance continuously for long term can benefit the major stakeholders including shareholder, vendor, customer, government, society and employees to keep trust on financial disclosures as well as strengths of the company.

Banks are vital elements in any economy. Banks keep deposit from various parties and provide loans to different parties. The amount of their loans is far bigger than their capital. Banks do business with the money of other people. Thus the risk of the banking sector is actually the risk of those people who keep deposit with them.

The responsibilities of the board of directors of a bank-company are more important than those of other companies; because in case of a bank-company it is essential to earn and maintain confidence of the depositors as its business is mainly run with the depositors' money.

Common Principles of Corporate Governance

Commonly accepted principles of corporate governance include:

- **Rights and equitable treatment of shareholders:** Organizations should respect the rights of shareholders and help shareholders to exercise those rights. They can help shareholders exercise their rights by effectively communicating information that is understandable and accessible and encouraging shareholders to participate in general meetings.
- **Interests of other stakeholders:** Organizations should recognize that they have legal and other obligations to all legitimate stakeholders.
- **Role and responsibilities of the board:** The board needs a range of skills and understanding to be able to deal with various business issues and have the ability to review and challenge management performance. It needs to be of sufficient size and have an appropriate level of commitment to fulfill its responsibilities and duties.

- **Integrity and ethical behavior:** Ethical and responsible decision making is not only important for public relations, but it is also a necessary element in risk management and avoiding lawsuits. Organizations should develop a code of conduct for their directors and executives that promotes ethical and responsible decision making. It is important to understand, though, that reliance by a company on the integrity and ethics of individuals is bound to eventual failure. Because of this, many organizations establish Compliance and Ethics Programs to minimize the risk that the firm steps outside of ethical and legal boundaries.

- **Disclosure and transparency:** Organizations should clarify and make publicly known the roles and responsibilities of Board and Management to provide shareholders with a level of accountability. They should also implement procedures to independently verify and safeguard the integrity of the company's financial reporting. Disclosure of material matters concerning the organization should be timely and balanced to ensure that all investors have access to clear, factual information.

The financial institutions market is very much sensitive and confronted with certain unique problems in applying governance principles. Any governance principles adopted by this industry should be flexible enough to take into account the variety of business within its purview. Having the right "tone at the top" is one of the most important factors in ensuring the corporate governance. The right "tone at the top" will establish the ethical culture of the corporation and permeate the corporation's relationships with employees, the business community and regulators.

Corporate Governance Practices

Following are some of the standardized best practices of Corporate Governance:

- The Board of Directors should participate in creating the right “tone at the top” and oversee how it is being communicated to all employees and constituents of the corporation.
- It is best practice for a board to have the following committees:
 - a) an Audit Committee
 - b) an Executive Committee
 - c) a Risk Management Committee, and

Each committee may formally establish a charter that specifies its responsibilities and the manner and frequency of meeting and reporting to the Board of Directors.

- There is no “one size fits all” template for board structures. When appropriate, smaller boards may opt to always meet as the full board with break-out sessions for independent directors to perform committee-type functions.
- Adoption and implementation of a code of ethics is one of the most common practices in corporate governance. It is increasingly expected that all companies will have a code of ethics in place to ensure that employees conduct themselves in a fair and ethical manner. Topics commonly addressed in a code of ethics are as follows:
 - a) Conflict of interest;

- b) Corporate opportunities;
- c) Confidentiality;
- d) Fair dealing;
- e) Protection and proper use of company assets;
- f) Compliance with laws, rules and regulations; and
- g) Encouraging the reporting of any illegal or unethical behavior

Corporate Governance in JBL

The Board of Directors of JBL plays the pivotal role in Bank governance through their choice of strategy and leadership to drive the company to growth path. The Board is responsible for both designing and implementing governance mechanism including appointment and supervision of respective Board committees and top management. The onus of setting strategic aims and goals of the company is also on the Board. The management of JBL is an extended wing of the Board executes policies and procedures set by the Board for the greater interest of shareholders and other stakeholders. The risk management and overall support functions of JBL has been designed and kept fully independent from Business to guard against any unforeseen events that undermine the brand value of the Bank.

Being a 3rd generation Bank of Bangladesh, JBL is guided in its corporate governance practices mainly by two regulatory bodies: **Bangladesh Bank and Bangladesh Securities and Exchange Commission (BSEC)**. However, the Bank's corporate governance philosophy encompasses not only regulator and legal requirements but also various internal rules, policies, procedures and practices based on the best practices of local banks. At JBL we attach a simple meaning to 'Corporate Governance' which is 'Due diligence' in observing responsibilities by Board as well as by management to safeguard interest of key stakeholders i.e. depositors, shareholders, employees and the society at large. Two very important pillars of a good corporate governance structure are "Transparency" and "Accountability" backed by strong Internal Control and Compliance Structure and MIS capabilities.

Board Systems & Procedures

Members of the Board comprise of professionals with diversified backgrounds. At present, there are 20 (Twenty) Board members including 3(three) Independent Directors, which is within the framework set by the Bangladesh Bank as per section 15(9) of Bank Company Act 1991(Amended upto 2013). The election of Board members follows the resolution of the Shareholders' Meetings, as set out in the Bank's Articles of Association. The number of directors on the Board is determined by the meeting of shareholders and should not be less than 7 or more than 20. The structure of the Board of Directors and Board Committees is set in accordance to the laws/notifications regarding "Corporate Governance" issued by the regulatory bodies.

The Board appoints one of its directors to be the Chairman. In the interest of good governance, the roles of Chairman and Managing Director are separate, with each of them bearing clear and defined roles and responsibilities. The Board is responsible for the Bank's goals, policies and strategic direction while the Management assumes responsibility for the day-to-day operations.

Each director has a term of office as prescribed in the Articles of Association, i.e. at every annual general meeting; one-third of the directors shall retire. They attend Board meeting regularly and participate in the deliberation and discussions effectively. They actively involve in the matter of formulation of general strategies of the Bank. But they do not participate in or interfere into the administrative or operational or routine affairs of the Bank.

Independence of Chairmen of Board's Committees

Chairmen of the committees of the Board of Directors are enjoying full freedom to carry out their responsibilities.

Annual Appraisal of the Board's Performance

Shareholders are evaluating the performance of the Board at AGM through evaluation of financial position and performance of the bank, its adequacy and effectiveness of internal control system and overall governance mechanisms. The shareholders also ask questions and make queries to the BoD during AGM and the Chairman of BoD gives a patient hearing and responds to all their queries.

In JBL, the Board approves business target at the beginning of each year and monitors the status of the same periodically to ensure achievement of the target. The Board's performance is greatly dependent on the achievement (under or over) of business target. Besides, the performance reports of supporting committees of the Board are also placed in the Board meeting through which the performances of the Board members are regularly assessed.

Annual Evaluation of the MD & CEO by the Board

The roles, responsibilities and duties of Managing Director & CEO of JBL has clearly defined and approved by the Board of Directors. BoD also makes annual evaluation of MD & CEO through various reports like financial position and performance report of the Bank, knowing update of various assignments given by the Board to the CEO and the Management from time to time and doing variance analysis of Budget with Actual result and steps taken by CEO to achieve the Budgeted target. Among the financial parameters, NPL ratio, Growth of Loan & Deposit, Cost to Income Ratio, Loans write off and its recovery, Capital Adequacy Ratio, Credit to Deposit Ratio etc. are the common ones.

During 2016, the Board reviewed the overall business performance of the Bank and observed with satisfaction that there is significant growth in terms of profitability, deposit growth, growth of quality Loans & Advances, foreign remittances and decrease of problematic Loans & Advances. The Board felt that despite adverse global economic situation the Bank has been able to earn Operating Profit Target by 88.91% for the year 2016 having a growth of 16.54% over the previous year's achievement. The Board also observed that during 2016, the growth of Deposit, Loans & Advances, Import business, Export Business, Guarantee Business and Foreign Remittance were 19.10%, 34.21%, 24.45%, 10.79%, 26.74% and 2.59% respectively compared to previous year.

Policy on Induction of Directors

The policy on training of Directors includes providing information on the latest update related to banking business such as relevant laws, policy guideline, circulars, notifications, directives, rules and regulations issued by the regulatory authorities; so that they could effectively discharge the responsibilities as a Director of the Bank. They also participate in the programs and seminars organized by various professional bodies at home and abroad on business, economic, technical, professional and corporate governance issues.

complies with all applicable Laws and Regulations of the land and Memorandum & Articles of Association of the Bank.

The Management and employees must comply with code of conduct when interacting with the Bank's clients, shareholders, employees, and business partners/ debtors. Great emphasis is also placed on their responsibilities for environment, society and competitors, preservation of client confidentiality, honesty, fairness, professional integrity, business capacities, strict compliance with laws and regulations, as well as cooperation with regulatory agencies. In performing their duties, employees are required to adhere to the principles of good corporate governance, use good judgment, act in compliance to rules and regulations and ensure that the Bank discharges its legal and regulatory responsibilities accordingly. Alleged breaches are investigated in accordance with set procedures, and disciplinary penalties are imposed if any employee is found guilty of a breach of conduct.

Human Capital

Jamuna Bank Limited regards its employees as Human Capital in the sense that our people suffix the added value to organization in respect of both skill value and economic value. It is our people who are the differentiator for the organization and absolute basis for competitive advantage.

JBL feels, without creating core competencies, no organization can leapfrog than that of the competitors and it is the caliber including their knowledge and skills can only create core competencies of the organization for reaping the cutting edge.

To this effect, JBL constantly sharpen its people's knowledge and skills through continuous training and development and acquire employees embodying a set of skills which ultimately generates a stock of productive capital for our organization. We simply link between the HR practices and business performance in terms of assets.

In this backdrop, JBL polarizes the investment cost i.e. acquiring cost, training & development cost and other cost expended for the individuals from plausible outcome which is generated from the employees' concerted efforts and consequently surfaces per employee cost and income.

To conclude, our core brand has always been our employees, appreciated for their passion to perform. For us, employees are the best brand. We do not offer our employees a job, we offer them a career. We

strongly believe that employees are required to work in a team to run a system smoothly and efficiently. Our efficient work force acted as the fundamental pillar to elevate the Bank at today's height of success and beyond. We are always concerned with upgrading our entire workforce to the next level of skill and efficiency through internal & external training and it is a continuous process. In line with its expansion plans, Jamuna Bank plans to acquire talents from the market to meet the customers' ever-increasing demand and to support the ever changing business scenario.

[Issued under condition #7(i) of Corporate Governance Guidelines of BSEC vide
Notification No. SEC/CMRRCD/2006-158/134/Admin/44 dated 07 August 2012]

I have reviewed the compliance with the conditions of Corporate Governance Guidelines by Jamuna Bank Limited ("the Bank") for the year ended 31 December 2016. These conditions of Corporate Governance were issued by Bangladesh Securities & Exchange Commission (BSEC) vide their notification no. SEC/CMRRCD/2006-158/134/Admin/44 dated 07 August 2012. The compliance with the said conditions of Corporate Governance and reporting the status thereof are the responsibility of the management of the Bank. My responsibility is to provide a certificate about whether the Bank is in compliance with the said conditions of Corporate Governance based on my examination.

My examination for the purpose of issuing this certificate was limited to the procedures including implementation thereof as adopted by the Bank for ensuring the compliance of the conditions of Corporate Governance and correct reporting of the status of the compliance on the attached statement on the basis of evidence gathered and representation received. It is neither an audit nor an expression of opinion on the financial statements of the Bank.

To the best of my information and according to the explanations given to me by the Bank, I hereby certify that Jamuna Bank Limited has complied with the conditions of Corporate Governance stipulated in the above mentioned BSEC's notification dated 07 August 2012.

Report of
The Audit Committee

REPORT OF THE AUDIT COMMITTEE OF THE BOARD

In compliance with Bangladesh Bank guidelines and Corporate Governance Guidelines of Bangladesh Securities and Exchange Commission (BSEC), the Audit Committee (AC) is time to time formed by the Board of Directors of the Bank. The Audit Committee is comprised of five members including two Independent Directors. Name of the members of the Audit Committee as on 31 December 2016 is shown below:

1	Mr. Md. Rafiqul Islam	Independent Director	Chairman (AC)
2	Mr. Md. Belal Hossain	Director	Member
3	Mr. Md. Hasan	Director	Member
4	Mr. Redwan-ul Karim Ansari	Director	Member
5	Mr. Narayan Chandra Saha	Independent Director	Member

The major objectives of the Audit Committee are:

- To assist the Board of Directors with regard to the auditing of financial reports, internal controls and internal audits, and selecting and working in co-ordination with the Bank's external Auditors. The Audit Committee assists the Board in fulfilling its oversight responsibilities. The committee reviews the financial reporting process, the system of internal control and management of financial risks, the audit process, and the bank's process for monitoring compliance with laws and regulations and its own code of business conduct.

Roles and Responsibilities of the Audit Committee:

(A) Internal Control:

- Evaluates whether management is setting the appropriate compliance culture by communicating the importance of internal control and the management of risk and ensuring that all employees have clear understanding of their roles and responsibilities;
- Reviews management's actions in building computerization of the bank and its applications and bank's Management Information System (MIS);

Report of the Shariah Supervisory Committee

Report of the Shariah Supervisory Committee For the year ended 31 December 2016

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

Honorable Shareholders of Jamuna Bank Limited
Assalamu Alaikum Wa Rahmatullahi Wa Barakatuhu.

All praises are due to Allah, the Lord of the Universe, the Beneficent, the Merciful. Durud and Salaam is for our Prophet Mohammad (SM.) who is Rahmat for the creatures of the world.

We are pleased to express our appreciation to the Board of Directors, the Managing Director and all the members of the Management Team of Jamuna Bank Limited for their continuous support. We are grateful to our honorable shareholders and clients for their confidence reposed on us. Without their confidence and support, we would not be able to perform our duties properly.

The Shariah Supervisory Committee has participated in different meetings and discussed various issues on Islami Banking activities of the Bank in respect of the Islami Shariah Principles & Regulations and provided opinion and necessary directives during the year 2016. Islami Banking Division of the Bank inspected two Islami Banking Branches of the Bank during the year and submitted their reports to the Shariah Supervisory Committee. Irregularities/lapses as detected were reported directly to the Shariah Supervisory Committee for information and necessary guidance on remedial measures. Decision of the Committee was disseminated accordingly to the respective branches for compliance / non-recurrence of the irregularities/ lapses.

The duty of the Shariah Supervisory Committee is to provide independent opinion & necessary guidelines upon observing and reviewing the activities of the Bank and to conduct Shariah related training for the human resources of the Bank and also to make the clients aware of the issues related to Shariah compliance. On the other hand, the responsibility of the Islami Banking Branches is to ensure that the businesses are carried out in accordance with the rules and principles of Islami Shariah. As per recommendation of Shariah Supervisory Committee, Officials performing in Islamic Shariah based branches are also evaluated periodically based on their knowledge on basics and updates on Islami Banking.

The Shariah Supervisory Committee had also discussed/ reviewed and opined on the following issues in their meetings at Jamuna Bank Limited during 2016:

- Shariah Inspection Report on the Islami Banking Branches.
- Actualization of Rate of Profit for the Mudaraba Depositors of Islami Banking.
- Different policies/guidelines for Islami Banking operations.
- Organizing Workshop / Training programs for the Officials of Islami Banking Branches and Al-Ihsan Islami Banking Service Centers.
- Arranging awareness program for compliance with the Islami Shariah.

Shariah Supervisory Committee of the Bank has given their valuable opinion for paying Zakat on specific fund of the Islami Banking Branches. However, individual shareholders/depositors are to pay their Zakat based on their individual shareholding/deposits along with their other assets on which Zakat is due.

Shariah Supervisory Committee recommends the following for active consideration of the Bank:

- To take necessary steps to convert the conventional operation to full-fledged Islami Banking as early as possible.
- To become more conscious regarding buying & selling in the buying & selling mode of Investment of the Islami Banking Branches.
- To take effective measures to operate investment in Musharaka and Mudaraba mode, which are superior modes of investment in Islami Banking system.
- To take initiative for training at all levels of human resources related with Islami Banking services.
- To take necessary steps to implement the 'Maqasid-e-Shariah' (i.e. goal and purpose of Islami Shariah) in investment activities of the Islami Banking to ensure common welfare of humanity.

May Allah (SWT) give us tawfiq to achieve His satisfaction through implementing the Shariah in all areas of our life as well as Islami Banking activities.

Ma-assalam.

Professor Mowlana Md. Salahuddin

Chairman, Shariah Supervisory Committee

Risk
Management
Report

Jamuna Bank Limited

From Chief Risk Officer's Desk

For the Year 2016

Risk Management is the deliberate acceptance of risk for profit-making. It requires informed decisions on the trade off between risk and reward, and uses various financial and other tools to maximize risk adjusted returns within pre-established limits. Risk-taking is an inherent element of the banking business and, indeed, profits are in part the reward for successful risk taking in business. Jamuna Bank deliberately arranges its sources of earning so that maximum earning can be ensured with maintenance of minimum risk. In the year 2016, it reinforced its interest earning and non interest earning with the maintenance of all regulatory compliances like Capital to Risk Weighted Asset (CRAR), Leverage Ratio, Net Stable Funding Ratio and Liquidity Coverage Ratio. Following initiatives have been employed to diminish all probable and prevailing risks.

Credit Risk: Generally credits are the largest and most obvious sources of Risk. It could stem from both On-balance sheet and Off-balance sheet activities. It arises from the potential that a bank's borrower will fail and be unwilling to meet its obligations in accordance with agreed terms. To neutralize credit risk Jamuna Bank usually takes pervasive courses of actions. Very few of those tasks are mentioned below,

- Adequate and rightly assessed collateral is one of the important preconditions of loan disbursement. As a result of adequate collateral Bank proactively mitigate its risk. In Stress Testing the shock named "Performing loan directly downgraded to Bad and Loss in Ready Made Garments and Textile" does not create significant impact on CRAR.
- Eligible Financial Collateral lessens the chances of default of loan. Jamuna Bank increased its portfolio which is covered against Eligible Financial Collateral in December 31, 2016 than that of same period of 2015.
- Jamuna Bank prioritizes better rated customers in disbursing loans. Over the year, it pursued its customer for being rated. As a consequence, exposure in rated customer has been significantly increased in December 31, 2016.
- Non Performing Loan (NPL) has multiple negative impacts on Bank's financial health. Recognizing importance of NPL, Jamuna Bank intensively strengthens its initiatives which results in decline Non Performing Loan.

- Jamuna Bank has increased the amount of better quality loan in sectors such as SME where capital charge is less than that of corporate customer.
- Credit Concentration Risk is another important part, where risk management activity is keenly performed. The bank sets risk tolerance limit to fairly distribute its portfolio. In addition, to cushion negative impact derived from Credit Concentration Risk like sector wise concentration, geographical area wise concentration, group wise concentration and single borrower wise concentration bank maintains capital.

Market Risk: It is the risk of potential losses in the On-Balance sheet and Off-Balance sheet positions of a bank, stems from adverse movement in the market rates or prices such as interest rates, foreign exchange rates, equity prices, credit spreads and/ or commodity prices. To confine market risk in tolerable degree the Bank undertook following initiatives,

- Less holding of interest rate related instrument ceases the chances of rising of market risk. Jamuna Bank prudently manages its investment portfolio which reflected in less requirement of capital in Market risk in Risk Based Capital Adequacy Statement of December 31, 2016.
- The bank sets its Foreign Exchange position in such level so that less risk may evolve. Risk Weighted Asset derives from Foreign Exchange Position is less in last quarter of 2016 than that of last quarter of 2015.
- To get informed about its crucial dimension of Market risk, Jamuna Bank periodically measures Risk to Net Interest Income due to fluctuation of interest rate and Duration Gap analysis.

Liquidity Risk: Liquidity risk is the potential for loss to a bank arising from its inability to meet its obligation as they fall due or to fund increases in assets without incurring unacceptable cost or losses. Following measures are periodically taken to encompass degree of liquidity risk.

- To cope with international best practice and Bangladesh Bank instruction Jamuna Bank periodically measures Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR). It is mentionable that the Bank regularly maintains regulatory requirement of the ratios.

- Supervisory Review process evaluates other parameter of Liquidity Risk such as Cash Reserve Requirement (CRR), Statutory Liquidity Requirement (SLR), Medium Term Funding Ratio (MTFR), Maximum Cumulative Outflow (MCO) and Advance Deposit Ratio (ADR).
- Jamuna Bank maintains enough liquidity to honor its customer even after five days abnormal deposit withdrawal.

Operational Risk: Operational Risk is defined as the risk of unexpected losses due to physical catastrophe, technical failure and human error in the operation of a bank, including fraud, failure of management, internal process errors and unforeseeable external events.

- To determine the extent of operational risk Bank periodically collects information of Internal fraud, External Fraud, Employment Practices & Workplace Safety, Clients, products and business practices, Disasters and public safety, Technology and infrastructure failures and Execution, delivery and process management.
- Besides, with the expansion of gross income bank maintains increased amount of capital for mitigating Operational Risk.

Other Risk: In addition of the above mentioned risks Jamuna Bank deals with Reputation Risk, Strategic Risk, Settlement Risk, Environmental & Climate Change Risk.

- Reputation risk arises from the failure to meet stakeholders' reasonable expectation of an organization's performance and behavior. Whether there is occurrence of Internal and External fraud, deterioration of Quality of customer service and delayed payment of accepted bill in the bank is strictly scrutinized.
- Strategic risk means the current or prospective risk to earnings and capital arising from imperfection in business strategy formulation, inefficiencies in implementing business strategy, non-adaptability/less adaptability with the changes in the business environment and adverse business decisions. Confined operating expense in comparison to operating income and written off loan and increased recovery amount from classified loan are important task to mitigate strategic risk.

- The banks poses to the Settlement Risk when it fulfills its contractual obligations (payment or delivery), but the counterparty fails or defaults to do the same. Jamuna Bank has successfully alleviated the risks.
- In environmental and climate change risk Jamuna Bank tries capture whether there is uncertainty or probability of losses that originates from any adverse environmental or climate change events (natural or manmade) and/or the non-compliance of the prevailing national environmental regulations.

Jamuna Bank has continued its incessant journey towards risk confined business which ensures fair return of own profit and welfare of the economy. It is committed to achieve the excellence in efficient risk management which will guarantee maximum utilization of its resources to create risk management culture in the bank.

Yours Sincerely

Mirza Elias Uddin Ahmed

Additional Managing Director and Chief Risk Officer.

Risk Management Report

Earning is not free from risk. Because a certain amount of money is invested for a certain period, which may face various problem in returning to the Bank with expected profit. Risk Management is a process targeted to lessen probable and existing risk in possible extent.

Risk Review: The year 2016 was a crucial one for the banking industry. Exceptional and critical economic scenario expose bank to Acid Test to prove its resilience regarding risk measurement, risk monitoring and risk management. GDP growth rate was preliminary estimated at 7.2% and inflation ceiling of 5.8%. Private sector credit growth exceeded 15% in the 1st half of FY17. Both food and non-food CPI inflation moderated, aided by favorable agricultural production, modest rise in global commodity prices. Average CPI inflation decline to 5.5% by December 2016. Projected rise of global commodity prices in 2017 may continue exerting some upward pressure on domestic prices. Domestic demand-driven economic activities remains relatively buoyant, as indicated by credit growth, industrial activities, and import trends. Despite some moderation, garment export growth has held up well relative to peers. The recent decline in remittance reflects a combination of global and local factors, but mainly driven by weaker economic activities in the Middle East. Private sector credit grew by 15% in November 2016 but public sector declined by 1.3% in November 2016 and far below the projected ceiling of 10.8%. The Govt. did not borrow from the Banking system to finance the budget deficit. Non-bank budget financing shifted from market-based tools (bank loans and government securities) to non-market instruments, e.g., National Savings Certificates (NSCs). During June-November 2016, the average (weighted) lending and deposit rates have declined by 45 and 25 basis points to 9.94 and 5.29 percent, respectively, leading to a narrowing of average spread by 20 basis points to 4.65 percent. The decline in interest rates reflects favorable inflation performance, ample liquidity, and an increase in competition in the banking system. That said, the average figure masks significant variation within the banking system. Capital markets are showing increasing buoyancy. After moving sideways in recent years, the Dhaka Stock Exchange Broad Index (DSEX) has increased by 23 percent and trading volume by 3 times since November 2016. Although stock market capitalization in Bangladesh remains

modest at around 15 percent of GDP, it can play an important role in financing long-term investments, as long as valuations reflect fundamentals and do not pose financial stability risks.

Risk Based Capital Adequacy

Under Risk Based Capital Adequacy Statement, Jamuna Bank Limited is strictly maintaining the CRAR from the beginning of the implementation of Basel-III accord, it was 12.21%, 11.10%, 11.25%, 12.83% and 10.93% in December of 2012, 2013, 2014, 2015 and 2016 respectively. As the prudently selected less capital consuming and economy renovating sectors are the loan disbursed areas of Jamuna Bank Limited so it does not create any predicament to maintain any Capital requirement. To estimate the capital requirement in the upcoming quarters all branches of the bank prepare their statement of Risk Weighted Asset in every quarter and in the light of these reports they diversify their portfolio in the favorable manner.

Capital to Risk Weighted Asset Ratio in last 5 Years

Challenges of Basel-III implementation

Basel-III implementation is intended to improve the banking sector's ability to absorb shocks arising from financial and economic stress, whatever the source, thus reducing the risk of spillover from the financial sector to the real economy. Basel-III has begun its journey since 2015 and it will come into full force from 2019. Jamuna Bank's status in Basel-III implementation is described below.

Pillar Number	Particulars	Regulatory Requirement	Jamuna Bank's stand	
			Compliance Status	Detail
1	Capital Requirement	Common Equity Tier 1 of at least 4.5% of the total RWA.	Complied	7.90%
		Tier-1 capital will be at least 6.0% of the total RWA.	Complied	7.90%
		Minimum Total Capital plus Capital Conservation Buffer 10.625% of the total RWA.	Complied	10.93%
	Leverage Ratio	Tier-1 capital will be at least 3.0% of the total Exposure.	Complied	5.84%
	Liquidity Coverage Ratio	Minimum amount of stock of high quality liquid asset is 100% of Total net cash outflows over the next 30 calendar days	Complied	121.22%
	Net Stable Funding Ratio	Available amount of stable funding is more than 100% of required amount of stable funding.	Complied	121.21%
2	Supervisory Review Process	High Standard Supervisory Review Process.	Complied	
3	Market Discipline	Large Scale Market Disclosure.	Complied	

Internal Capital Adequacy Assessment Process (ICAAP)

To encompass other risk bank regularly prepares Internal Capital Adequacy Assessment Statement containing proper calculation of Residual Risk, Concentration Risk, Liquidity Risk, Reputation Risk, Strategic Risk, Settlement Risk, Evaluation of Core Risk Management, Environmental & Climate Change Risk and Other material risk against adequate capital. Besides, bank also assesses whether there is any chance of jeopardize to environment by bank financed initiative and damaging bank's initiative by environmental hazard. Jamuna Bank Limited is successfully maintaining additional Capital Requirement.

Stress Testing

The bank is performing stress testing in regular interval to determine the impact on itself under a set of exceptional, but plausible assumption through a series of battery of tests. The shock absorbent capacity of the bank is gauged while various types of risks are faced by it. The Bank has successfully lessened cumulative gap between risk sensitive asset and liability and average duration of bond. Performing loan directly downgraded to bad & loss in sector RMG & Textile did not create adverse impact on CRAR due to maintenance of adequate collateral. Jamuna Bank prudently measures value of collateral, as a result the shock named Decrease in force sale value of collateral did not create adverse change in CRAR. Jamuna Bank Limited regularly adjusts its loan portfolio, foreign exchange position, equity position and liquidity position to confront any unfavorable situation.

Particulars	December 31, 2015			December 31, 2016

It is revealed that Comprehensive Risk Management Rating of the Bank is gaining excellence.

Statement of Non-Performing Loan (NPL) Management

STATEMENT OF

NON-PERFORMING LOAN (NPL) MANAGEMENT

The entire banking sector is influenced by few factors like excess liquidity, big size of NPL in Banks, classification of loans rescheduled under special consideration of regulators. Major challenge of 2016 was to ensure good governance, managing NPL in league with recovery of classified loan. Jamuna Bank made significant performance in recovery of classified loan, rescheduled loan amid adverse situation prevailed in the sector.

Non-Performing Loan (NPL) is referred to stuck up loan which ceases to generate income. Loan turns into non performing as the borrower fails to repay it within the stipulated time. Banks give its best effort to keep it at minimum level so that income level of the banks are not affected.

Jamuna Bank has a Recovery Division, engaged in settlement and recovery of soured credits. Major duties of this Division is to formulate strategy and action plans for minimizations of risk, prevention of credit losses, maximization of recoveries and rescheduling, recovery and/or pursuing legal actions.

The collection process of Jamuna Bank Ltd. is defined as the set of coordinated, appropriate and timely activities aimed at full collection of loans from clients. The process is intended to convert the receivables into liquid assets as quickly and efficiently as possible. As such, the collection process requires significant interaction with the client, beginning with a careful analysis of the client's situation and continuing through timely and frequent contact over the duration of the loan. Clients should be offered payment alternatives that are timely and appropriate to each situation and all collection activities should be recorded to facilitate continuous monitoring and follow-up as well as control of client compliance with negotiated agreements.

Key Priorities

In order to achieve the general goal, Jamuna Bank has identified several key areas and decided to make improvements in regulatory framework, capacity building and implementation of laws:

- Structural development of the Division through the year;
- Enhancing banks' capacity & strategy to deal with NPLs;

- Enabling business processes & structures to facilitate NPL Management;
- Improving and promoting out-of-court debt settlement;
- Improving in-court debt resolution.

Enhanced Banks' Capacity to deal with NPLs

Furthermore, banks are required to establish efficient monitoring of lending, including the system of early warning for increased credit risk, which enables timely identification of debtors with whom this increase occurred and which includes the definition of qualitative indicators for early observance of increased credit risk.

NPL management is one of the topmost priorities of Jamuna Bank. At Jamuna Bank, monitoring starts from the very beginning of the business process. The steps of NPL Management work flow are as follows:

- Jamuna Bank has promulgated self-credit policies in line with best practices which are guiding business relationship teams to involve their best business efforts towards quality business through systematic management of any potential risk for being highly judicious in selecting borrowers.
- Relationship Managers are preparing loan proposals without any interference of any third party, top management of the Bank or the client.
- Recovery, regularization, rescheduling from non-performing assets activities are initiated by Recovery Division which continuously thrives for protection against NPLs. Regular due date and overdue status, reminders through SMS, e-mails, letters, telecommunications, meetings, discussions, visits etc. with the clients are consistently carried out by the respective Divisions which facilitate managing NPL at the lowest possible level.
- Filing of suits against the customer are required even after adopting all above measures. Litigation Unit of Legal Division is well organized with the assistance of internal law officers and leading law firms of the country to ensure all out legal actions for collection of Bank's dues.

- Top Management of the Bank is very vigilant to monitor and review all the relevant aspects; provides necessary directions and guidance time to time; to ensure asset quality, maintaining the NPL Ratio below the level of industry ratio.
- On top of all, there are several Recovery Task Forces which periodically monitors and reviews the NPL movements and performance of the management in arresting NPL; provides necessary directions and guidance, thereby ensures highest quality asset portfolio and maximize business and profitability growth.
- Prompt action on credit reports.
- Capacity building of Recovery related RMs.
- Goals of monitoring and follow up.
- To ensure that funds are utilized for the purpose for which they were sanctioned. To see that the terms and conditions are complied with.
- To monitor the project implementation for avoiding time lag and consequential cost over runs.
- To evaluate the performance in terms of production, sales, profits on a periodic basis for ensuring that the borrower is keeping to the original plan and is having sufficient profits to service the debts as well as for the sake of maintaining normal business momentum.
- To assess the impact of negative externalities on the performance of the company.
- To detect the symptom of sickness at the early stage for initiating measures at the opportune moment.

Under the present overall socio economic dynamics, Jamuna Bank has prioritized to extend purpose-oriented credit facilities with required security/collateral support as their policy priority since diversion of fund is one of the identified causes of loan default. So, it becomes imperative need to keep a close watch on the borrower's business operations and the movement of its financial indicators in an empirical manner.

Jamuna Bank has formulated well-structured NPL management strategy covering following areas:

- No compromise with due diligence in the sanctioning process, keeping in mind "Prevention is better than cure".
- Action plan for potential NPLs.
- Identification of highly risk sensitive borrowers in the credit portfolio.
- Identification of geographical area-wise risk sensitivity.
- Targeting high value end NPL accounts (having exposure of Tk.1.00 crore and above).

Jamuna Bank believes that its intense recovery strategies and innovative approaches will lead to a transition in aspired higher growth trajectory.

During the year 2016, the NPL Ratio of the Bank decreased to 4.06% from previous year's 6.92%. The absolute figures show the decrease in classified portfolio from BDT 5839.72 million in 2015 to BDT. 4,743.49 million in 2016. Special efforts are being made by forming various Recovery Task Forces during the course of the year, which were further intensified during the last quarter of the year and it helped to reduce the impact of the stressful economy on NPL to a moderate extent comparing to the industry.

During the year 2016, 80 Suits valued Tk.2444.04 million has been disposed (AR Suit 06 valued Tk.225.61 million, CR Case 34 valued Tk.187.25 million & High Court Case 40 valued Tk.2031.18)

Total amount of Tk.268.80 million recovered from the Suits/Cases related accounts.

In order to arrest NPL, our focus was not only on reducing NPL portfolio, but also avoiding further NPL. In line with that, we have strengthened our recovery and monitoring drives, deployed external sources where found suitable, strengthened our legal

team, thereby intensified recovery initiatives which brought in defaulting clients under negotiation and thereby sizeable recovery was possible in the year 2016 in comparison with 2015. On the other hand, in order to check any further significant NPL, we have extensively reorganized our Division and enhanced in-house lawyers incorporating leading law firms and re-engineered business and operational processes putting into a strong risk management framework in place which are expected to result improvement in the year 2017.

Market Disclosure on Risk Based Capital (BASEL-III)

Disclosure on Risk Based Capital under Basel III For the Year 2016

Background: These disclosures on the position of the bank's risk profiles, capital adequacy and risk management system under Pillar-III of Basel-III are made following revised "Guidelines on Risk Based Capital Adequacy" for banks issued by Bangladesh Bank in December 2014. These quantitative and qualitative disclosures are intended to complement the Minimum Capital Requirement (MCR) under Pillar-I and Supervisory Review Process (SRP) under Pillar-II of Basel-III.

The purpose of these disclosures is to establish more transparent and more disciplined financial market so that stakeholders can assess the position of the bank regarding holding of assets and to identify the risks relating to the assets and capital adequacy to meet probable loss of assets.

SCOPE OF APPLICATION

Scope of Application: The Risk Based Capital Adequacy framework applies to Jamuna Bank Limited (JBL) on 'Solo' basis as well as 'Consolidated' basis as there were two subsidiaries of the bank as on the reporting date i.e. 31 December 2016. The names of the two subsidiary companies are Jamuna Bank Capital Management Limited and Jamuna Bank Securities Limited.

Consistency and Validation: The quantitative disclosures are made on the basis of consolidated audited financial statements of JBL and its Subsidiary as at and for the year ended 31 December 2016 prepared under relevant international accounting and financial reporting standards as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB) and related circulars/ instructions issued by Bangladesh Bank from time to time. The assets, liabilities, revenues and expenses of the subsidiaries are combined with those of the parent company (JBL), eliminating intercompany transactions. So assets of the subsidiaries were risk weighted and equities of subsidiaries were crossed out with the investment of JBL while consolidating.

CAPITAL STRUCTURE

Capital Structure of JBL: Regulatory capital, as stipulated by the revised RBCA guidelines by BB, is categorized into two tiers. The total regulatory capital

will consist of sum of the following categories:

- 1) Tier 1 Capital (going-concern capital)
 - a) Common Equity Tier 1
 - b) Additional Tier 1
- 2) Tier 2 Capital (gone-concern capital)

Tier 1 capital (going-concern capital) is the capital which can absorb losses without triggering bankruptcy of the bank. Tier 2 capital (gone-concern capital) is the capital which will absorb losses only in a situation of liquidation of the bank.

Conditions for Maintaining Regulatory Capital:

The Bank complied with all the required conditions for maintaining regulatory capital as stipulated in the revised RBCA guidelines by Bangladesh Bank as per following details:

- Common Equity Tier 1 of at least 4.5% of the total RWA.
 - ▶ **Status of Compliance: Complied.**
- Capital Conservation Buffer at least 0.625% of the total RWA.
 - ▶ **Status of Compliance: Complied.**
- Tier-1 Capital will be at least 5.50% of the total RWA.
 - ▶ **Status of Compliance: Complied.**
- Minimum Total Capital plus Capital Conservation Buffer to Risk weighted Asset Ratio of 10.625%.
 - ▶ **Status of Compliance: Complied.**
- Additional Tier 1 capital can be admitted maximum up to 1.5% of the total RWA or 33.33% of CET1, whichever is higher.
 - ▶ **Status of Compliance:** As on the reporting date there was no Additional Tier 1 capital in the capital structure of Jamuna Bank Limited.
- Tier-2 capital can be admitted maximum up to 4.00% of the RWA or 88.89% of CET 1, whichever is higher.
 - ▶ **Status of Compliance: Complied.**

Quantitative Disclosures: The Bank had a Capital of BDT 1,580.92 crore comprising Tier-1 capital of BDT 1,142.36 crore and Tier-2 capital of BDT 438.56 crore

CAPITAL ADEQUACY

Bank's Approach to Assessing Capital Adequacy:

As banks in Bangladesh are now in a stage of developing risk management models, BB suggested the banks for using Standardized Approach for credit risk capital requirement for banking book and Standardized (rule based) Approach for market risk capital charge in their trading book. JBL used the Basic Indicator Approach (BIA), as prescribed

by Bangladesh Bank in determining capital charge against operational risk. Under the Basic Indicator Approach (BIA), the capital charge for operational risk is a fixed percentage (denoted by alpha) of average positive annual gross income of the bank over the past three years.

Jamuna Bank Limited focuses on strengthening and enhancing its risk management culture and internal control environment rather than increasing

capital to cover up weak risk management and control practices. JBL has been generating most of its incremental capital from retained profit (stock dividend and statutory reserve transfer etc.) to support incremental growth of Risk Weighted Assets (RWA). Therefore, the Bank's Capital to Risk weighted Asset Ratio (CRAR) remains consistently within the comfort zone after implementation of Basel-III from 1 January, 2015. During the year 2016, the CRAR ranges from 10.82% to 12.24% on consolidated basis and from 10.93% to 12.34% on solo basis against minimum requirement of 10.625% of RWA.

Assessing regulatory capital in relation to overall risk exposure of a bank is an integrated and comprehensive process. Jamuna Bank Limited, through its Supervisory Review Committee and

Management Risk Committee, is taking active measures to identify, quantify, manage and monitor all risks to which the Bank is exposed to. Assessment of capital adequacy will be in alignment with the findings of these exercises.

Quantitative Disclosures: Following table shows component wise allocation of capital to meet three risks and an amount of additional capital maintained over MCR i.e. 10.625% of RWA. As on the reporting date, Jamuna Bank Limited maintained a Capital to Risk weighted Asset Ratio (CRAR) of 10.82% on 'Consolidated Basis' and 10.93% on 'Solo Basis' against required minimum of 10.625%. We had an excess capital of BDT 43.94 crore (Solo) after meeting all three risks as on the reporting date as shown in the following table:

CREDIT RISK

Qualitative Disclosures

Definition of Credit Risk: Credit risk is the possibility that a borrower will fail to meet its obligation in accordance with agreed terms and conditions. That is credit risk is the risk of loss that may occur from the failure of any counterparty to make required payments in accordance with agreed terms and conditions and/or deterioration of credit worthiness. Credit risk is managed through a framework set by policies and procedures approved by the Board. The responsibility is clearly segregated between originator of business transaction and approver in the risk function.

Credit Risk Management Policies and Procedures: Credit risk management needs to be a robust process that enables Banks to proactively manage

loan portfolio in order to minimize losses and earn an acceptable level of return for Shareholders. Central to this is a comprehensive IT system, which should have ability to capture all key customer data, risk management and transaction information. Jamuna Bank Ltd. already has real time on-line Banking system which enables to capture all key customer data. Given the fast changing dynamic global economy and the increasing pressure of globalization, liberalization, consolidation and disintermediation, it is essential that Banks have robust Credit risk management policies and procedures that are sensitive and responsive to these changes.

Jamuna Bank Limited being a progressive and dynamic private sector Bank formulated its own Credit Policy Guidelines to efficiently and professionally manage risks arising out of its Credit operation. The Credit Policy Guidelines was initially approved by the Board

of Directors in its 59th meeting held on 08.01.2006. Lastly it was reviewed by the Board of Directors of the Bank in its 305th meeting held on April 24, 2017. As per Credit Risk Management Guidelines of Bangladesh Bank, the credit policy of JBL has been refined from time to time.

The Credit Policy Guidelines of JBL encompasses a wide range of issues related to credit operation. Jamuna Bank Limited continually updates by the bank to lead the ongoing improvement in the banking sector. The focal points of the JBL credit policy are:

1. Organizational Structure
2. Segregation of Duties
3. Implementation of the concept of Relationship Banking
4. Credit Principles
5. Credit Facilities parameter
6. Discouraged Business
7. Review of Mode-wise Credit Position
8. Review of Large Loan Concentration
9. Review of Classification Position and Target
10. Credit Budget with sectoral outlook
11. Procedure of Credit Operation including credit assessment
12. Credit Risk Grading System
13. Emphasizing on Secured Lending
14. Disbursement process and Documentation
15. Credit Monitoring
16. Policy for Delegation of Lending Authority

Methods used to measure Credit Risk: Credit risk grading is an important tool for credit risk measurement as it helps the Banks and financial institutions to understand various dimensions of risk involved in different credit transactions. The aggregation of such grading across the borrowers, activities and the lines of business can provide better assessment of the quality of credit portfolio of a bank or a branch. Well-managed credit risk grading systems promote bank safety and soundness by facilitating informed decision-making. Grading systems measure credit risk and differentiate individual credits and groups of credits by the risk they pose. This allows bank management and examiners to monitor changes and trends in risk levels. The process also allows bank management to manage risk to optimize returns.

The credit risk grading is done by assigning weightage accordance to the severity of risk. The primary risk areas are financial risk, business/ industry

risk, management risk, security risk and relationship risk. These risk components are further subdivided.

A thorough credit risk assessment is being conducted prior to the sanctioning of credit facilities. Thereafter it is done annually for each relationship. The result of this assessment is presented in the credit proposal originated from the Relationship Manager.

Following risk areas are addressed and assessed in credit sanctioning process:

- a. Borrower Analysis: Reputation, education, experience, age and success history and net worth of the borrower are considered to analyze a borrower. Any issues regarding lack of management depth, complicated ownership structures or inter-group transactions are addressed in borrower analysis.
- b. Industry Analysis: To analyze an industry JBL considers industry position i.e. threat & prospect in the industry, risk factors pertaining to the industry, borrowers position or share in the industry.
- c. Historical financial analysis: An analysis of a minimum of 3 years historical financial statements of the borrower is being presented. The analysis addresses the quality and sustainability of earning, cash flow and the strength of the borrower's balance sheet.
- d. Projected financial Performance: Where term facilities are being proposed, a projection of the borrower's future financial performance is required to be provided.
- e. Technical feasibilities / Infrastructural facilities, Seasonality of demand, Debt-Equity Ratio, Account conduct of the borrower, Security and other relevant factors are considered to assess credit risks.

Credit Risk Management System: Jamuna Bank Limited (JBL) has established a robust credit risk management system to proactively manage loan portfolio in order to minimize losses. It has significantly improved risk management culture and established standard for segregation of duties and responsibilities relating to Credit Operation of the Bank.

The major steps taken by JBL to implement credit risk management guidelines are:

The major steps taken by JBL to implement credit risk management guidelines are:

- i) It has formulated its own Credit Policy Guidelines in line with the core risk guideline of Bangladesh Bank.

- ii) The policy takes into account the sectoral concentration and specific industry exposure cap is set in the policy.
- iii) Head Office Organizational structure has been segregated in line with CRM Guideline (Credit Marketing, Credit Approval and Credit Administration activities have been separated).
- iv) Borrower's Risk Grade are assigned and mentioned in the credit proposal.
- v) All disbursement is authorized centrally in the computer system only after confirming fulfillment of documentation requirement as per

sanction term. There is no scope of disbursement without approval of the competent authority.

- vi) Credit Approval Authority has been clearly defined in the policy.
- vii) Strong monitoring of loan portfolio is ensured by separate Credit Monitoring Department.

Asset Impairment Policy: JBL follows central bank guidelines as its asset impairment policy. Bangladesh Bank set loan impairment/classification criteria and provisioning policies vide BRPD Circular No.14 dated 23 September 2012, BRPD Circular No.05 dated 29 May 2013 and BRPD circular No.16 dated 18 November 2014. EQUITY POSITION RISK

Equity Risk: Equity risk is the risk that one's investments will depreciate because of stock market dynamics causing one to lose money. Investment of JBL in equity securities is broadly categorized into two parts: Securities (Shares-common or preference, Mutual Fund) that are traded in the secondary market (trading book assets) and Un-quoted securities that are categorized as banking book assets.

The capital charge for equities would apply on their current market value in bank's trading book. This capital charge for both specific risk and the general market risk will be at the rate of the required minimum capital adequacy ratio. This is applied to all instruments that exhibit market behavior similar to equities. The instruments covered include equity shares, whether voting or non-voting, convertible securities that behave like equities, for example: units of mutual funds, and commitments to buy or sell equity.

INTEREST RATE RISK IN THE BANKING BOOK (IRRBB)

Interest rate risk is the potential that the value of the on-balance sheet and the off-balance sheet positions of the bank would be negatively affected with the change in the interest rates.

Interest rate risk in the banking book arises from mismatches between the future yield of an asset and their funding cost. The immediate impact of changes in interest rates is on the Bank's net interest income (the difference between total interest income and the total interest expenses) for particular period of time, while the long term impact is on the Bank's net worth since the economic value of the Bank's assets, liabilities and off-balance sheet exposures are affected.

The process of interest rate risk management by the bank involves determination of the business objectives, expectation about future macro economic variables and understanding the money markets and debt market in which it operates. Interest rate risk management also includes quantifying the appetite for interest rate risk to which bank is comfortable.

Asset Liability Committee (ALCO) monitors the interest rate movement on a regular basis. Duration Gap analysis is one of the technique by which JBL measures interest rate risk in the banking book on a quarterly basis. Duration is the measure of a portfolio's price sensitivity to changes in interest rates.

MARKET RISK

Market risk is the risk that the value of a portfolio, either an investment portfolio or a trading portfolio, will decrease due to the change in value of the market risk factors. The four standard market risk factors are equity prices, interest rates, foreign exchange rates and commodity prices. The objectives of our market risk policies and processes are to obtain the best balance of risk and return whilst meeting customers' requirements. The primary categories of market risk for the bank are:

Interest Rate Risk: The risk of loss resulting from changes in interest rates. As a result of mismatch of interest rates on its assets and liabilities and/or timing differences in the maturity thereof.

Foreign Exchange Risk: It is the risk to earnings and capital arising from adverse movements in currency exchange rates. It refers to the impact of adverse movement in currency exchange rates on the value of open foreign currency position and. There are also the risk of default of the counter parties and settlement risk.

Equity Risk: It is risk that results from adverse changes in the value of equity related portfolios.

Commodity Price Risk: Commodity price risk arises from changes in commodity prices and implied volatilities in commodity options, covering energy, precious metals, base metals and agriculture. Currently we do not have any exposure in commodity financing.

Operational Risk

Operational Risk is defined as the risk of direct or indirect loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal risk, but excludes strategic and reputation risk.

Market Risk Management:

To manage, monitors & control the above risks the Bank has Risk Management Committee & Asset-Liability Committee comprising the all Heads and Seniors Executives and Mid Office etc. They set in every month to discuss the matters and takes immediate steps as and when required to mitigate the issues.

To manage the interest rate risk, ALCO regularly monitors various ratios and parameters. Among the ratios, the key ratios that ALCO regularly monitors are Liquid asset to total assets, Volatile Liability dependency ratio, medium term funding ratio and short term borrowing to Liquid assets ratio. ALCO also regularly monitors the interest rate sensitive gap and duration gap of total portfolio.

To manage exchange rate risk, bank always keep its net open position within the limit set by central bank. Also to manage exchange rate risk in cross currency, bank always square its position in cross currency or convert its exposure to USD. For monitoring and controlling the risk Bank has made contacts with several foreign banks and closely monitors the incoming and outgoing sources & payment schedule of foreign currency.

To manage equity risk, the bank ensures taking prudent investment decisions complying sectoral preference as per investment policy of the bank and capital market exposure limit set by BB.

Views of Board of Directors (BOD) on system to reduce Operational Risk:

The policy for operational risks including internal control and compliance risk is approved by the Board taking into account relevant guidelines of Bangladesh Bank. Audit Committee of the Board directly oversees

the activities of Internal Control and Compliance (IC&CD) to protect against all operational risks.

As a part of continued surveillance, the management committee (MANCOM), Risk Management Committee (at the management level) and Risk Management regularly reviews different aspects of operational risk. The analytical assessment was reported to the Board/ Risk Management Committee/Audit Committee of the Bank for review and formulating appropriate policies, tool & techniques for mitigation of operational risk.

The operational risk may be of this following category:

- Internal Fraud.
- External Fraud.
- Employment practices & work plan.
- Clients, products & business practice.
- Damage of physical assets.
- Business disrupt & system failure.
- Execution, delivery & process management.
- Legal risk.

Potential External Events:

Jamuna Bank Limited operates its business in an umbrella of inter connected socio-economic and political environment. Few externalities affect business performance directly such as macro economic conditions, regulatory policy changes, changes in demand, status of infrastructure whereas few factors affect operations of the business directly or indirectly such as force shut down due to political instability, threat of vandalism to the bank's sophisticated physical outlets including IT equipments etc.

Policies and processes for mitigating operational risk:

The policy for operational risks including internal control and compliance risk is approved by the Board taking into account relevant guidelines of Bangladesh Bank. A policy guideline on Risk Based Internal Audit (RBIA) System is in operation. As per RBIA, branches with high risk status and subjected to more frequent audit by Internal Control and Compliance (IC&CD). IC&CD directly report to Audit Committee of the Board.

Currently, Jamuna Bank Limited is using some models or tools for mitigating operational risk such as Self Assessment of Anti-fraud Internal Control; Quarterly Operational Report (QOR) and Departmental Control Function Check List (DCFCL) in line with the Bangladesh Bank's relevant Instructions and recommendations. It is required to submit the statement on Self Assessment

of Anti-fraud Internal Control to Bangladesh Bank on quarterly rest.

In addition, Bank's Anti- Money laundering activities are headed by CAMLCO and their activities are devoted to protect against all money laundering and terrorist finance related activities. The newly established Central Customer Service & Complaint Management Cell was also engaged in mitigating the operation risks of the Bank. Apart from that, there is adequate check and balance at every stage of operation, authorities are properly segregated and there is at least dual control on every transaction to protect against operational risk.

Approaches for calculating capital charge for operational risk

The Bank follows the Basic Indicator Approach (BIA) as prescribed by BB through BRPD Circular No. 18 dated 21 December 2014 [Guidelines on Risk Based Capital Adequacy (Revised Regulatory Capital Framework for banks in line with Basel III)]. Under this approach, the capital charge for operational risk is a fixed percentage (denoted by alpha, α) of average positive annual gross income of the bank over the past three. Figures for any year in which annual gross income is negative or zero, should be excluded from both the numerator and denominator when calculating the average. The capital charge for operational risk is enumerated by applying the following formula:

$$K = [(GI_1 + GI_2 + GI_3) \alpha] / n$$

Where:

K = the capital charge under the Basic Indicator Approach

GI = only positive annual gross income over the previous three years (i.e., negative or zero gross income if any shall be excluded)

α = 15 percent

n = number of the previous three years for which gross income is positive.

Besides, Gross Income (GI) is calculated as "Net Interest Income" plus "Net non-Interest Income". The GI shall be:

- a) Gross of any provisions (including interest suspense)
- b) Gross of operating expenses, including fees paid to outsourcing service providers
- c) Exclude realized profits/losses from the sale of securities held to maturity in the banking book
- d) Exclude extraordinary or irregular items as well as categorize
- e) Exclude income derived from insurance.

LIQUIDITY RISK

Liquidity risk is the risk that a given security or asset cannot be traded quickly enough in the market to prevent a loss (or make the required profit) or when a bank is unable to fulfill its commitments in time when payment falls due.

Views of Board of Directors (BOD) on system to reduce Liquidity Risk:

Liquidity risk arises when the Bank is unable to meet its payment obligations when they fall due and to replace funds when they are withdrawn, in particular, its failure to meet obligations to repay depositors and fulfill commitments to lend.

The appropriate and efficient management of liquidity is essential to JBL in ensuring the confidence of the financial markets in order to pursue its identified business strategy.

Additionally, the Bank manages risk in relation to:

1. The mismatched funding of medium term assets by short term or retail liabilities, which can increase the potential for liquidity problems at a future date and
2. Meeting regulatory requirements at all times

The Bank at all times maintains financial resources, including capital and liquidity resources, which are adequate, both as to amount and quality, to ensure that there is no significant risk that its liabilities cannot be met as they fall due.

Treasury has overall responsibility for liquidity management on a day-to-day basis and in the event of a liquidity crisis. In normal conditions liquidity is managed as per policy and guidelines already established.

To avoid the risk of liquidity related penalty or regulation on JBL, Market Risk Management advises immediately of any event that could adversely impact relationships with regulators. Bank complies

with all regulatory reporting requirements, terms and conditions for the operation of accounts with central banks in respect of liquidity risk.

Liquidity Management Strategy:

The Bank applies a prudent mix of liquidity controls which provide security of access to funds without undue exposure to increased costs of funds from the liquidation of assets, or aggressive bidding for deposits. The Bank uses cash flow match approach and liquid assets approach. **Under the cash flow approach** the Bank attempts to match the cash outflows against the contractual cash inflow leaving around one month cash requirement at all times to absorb unexpected cash movement. The excess liquidity for over one month is managed on the basis of liquid assets approach and as per guidelines.

The Bank has to maintain liquid assets of at least 20% of deposit liabilities in the form of cash or assets that can be converted into cash within a period not exceeding 30 days. Liquidity risk is monitored and evaluated daily by Treasury to ensure that, over the short term and by major currency, the profile of projected future cash inflows is adequately matched to the maturity of the liabilities.

The Basel liquidity principles are implemented more specifically in the Bank's overall liquidity risk framework through the following:

- I. Board Risk Management Committee and Asset & Liability Committee being focused on the liquidity strategy and management;
- II. Liquidity and Contingency Liquidity policies;
- III. Liquidity Gap / Market Access Requirement analysis for daily management against liquidity limits;
- IV. Monitoring of Liquidity ratios to re-align short term and medium term structural imbalances;
- V. Management of liquidity concentration risk for Significant Funding Sources (large depositors);

VI. Liquidity Stress tests and the Contingency funding plan.

Liquidity Monitoring and Control

Market Risk Management has established a monitoring and reporting framework for liquidity risk that provides pertinent information to ALCO.

The following lists the salient aspects of monitoring that is done on a regular basis:

1. Monitoring of the implementation of the limits according to Market Risk Policy guidelines
2. Timely detection and correction of deficiencies in the policies, processes and procedures of liquidity gap risk
3. Managing liquidity risk through on-going, periodic and annual reviews
4. Verifying the authenticity and availability of the sources of funds available to the Bank

Liquidity Stress Testing:

As part of our Regulatory requirement our Risk Management addresses unusual and unexpected events to occur and accordingly prepares to face and survive such situations. This requires foreseeing situations under hypothetical scenarios considering the question 'what-if' and development of stress tests in such scenarios. This enables the organization to be well equipped to cope with the crisis situations when they arise.

Contingency Funding Plan:

Contingency planning is a combination of early warning procedures and advance preparation for potential high-severity / low-probability liquidity events. In the unlikely event of a funding crisis, good contingency planning makes the difference between being in control and simply reacting to events.

The need for a robust contingency funding plan is driven by the following factors:

- i. Bank can never avoid liquidity risk
- ii. As liquidity risk increases, it becomes even more un-hedge able.
- iii. It is too expensive to hold enough liquidity to survive a severe or prolonged funding crisis.

Therefore, contingency planning may be defined as the bridge between the liquidity the bank chooses to hold and the maximum it might need.

Main Contributor:

The main contributors to JBL LCR on assets side are Treasury Bills & Bonds, and one of the instruments of

Govt. Borrowing, while on the liability side the major portion is deposits mainly contributed by our large corporate & retail customers.

Liquidity Coverage Ratio:

LCR or Liquidity Coverage Ratio is a new liquidity standard introduced by the Basel Committee. This standard is built on the methodologies of traditional liquidity coverage ratio used by banks to assess exposure to contingent liquidity events. LCR aims to ensure that a bank maintains an adequate level of unencumbered, high-quality liquid assets that can be converted into cash to meet its liquidity needs for 30 calendar days. LCR goes beyond measuring the need for liquid assets over the next 30 days in a normal environment. It measures the need for liquid assets in a stressed environment, in which deposits and other sources of funds (both unsecured and secured) run off, to various extents, and unused credit facilities are also drawn down in various magnitudes.

Composition of High Quality Liquid Assets (HQLA):

The HQLA of JBL LCR consists of Cash, placements / Reverse Repos and the investments in Govt. Security i.e. Treasury Bills & Bonds which are included due to its repo-ability characteristic.

Net Stable Funding Ratio:

NSFR or Net Stable Funding Ratio is another new standard introduced by the Basel Committee. The NSFR aims to limit over-reliance on short-term wholesale funding during times of abundant market liquidity and encourage better assessment of liquidity risk across all on- and off-balance sheet items. The minimum acceptable value of this ratio is 100 percent, indicating that available stable funding (ASF) should be at least equal to required stable funding (RSF). ASF consists of various kinds of liabilities and capital with percentage weights attached given their perceived stability. RSF consists of assets and off-balance sheet items, also with percentage weights attached given the degree to which they are illiquid or "long-term" and therefore requires stable funding. The time horizon of the NSFR is one year.

Currency Mismatch:

As outlined in guideline, while the LCR is expected to be met on a consolidated basis and reported in a common currency, bank manages the liquidity needs in each significant currency. As indicated in the LCR, the currencies of the stock of HQLA are similar in composition to the operational needs of the bank. Bank does not assume that currencies are transferable and convertible in a stress period.

LEVERAGE RATIO

Qualitative Disclosures:

Views of BOD on system to reduce excessive leverage:

Transparent, non-risk based leverage ratio has been introduced by Bangladesh Bank. The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements. The leverage ratio is intended to achieve the following objectives:

- Constrain the build-up of leverage in the banking sector which can damage the broader financial system and the economy
- Reinforce the risk based requirements with an easy to understand and a non-risk based measure

The policy for Leverage Ratio including off and on balance sheet exposure and capital related policy. The Bank has a well structured delegation and sub-delegation of credit approval authority for ensuring good governance and better control in credit approval system. The Board of Directors and its Executive Committee hold the supreme authority for any credit approval in line with the credit committee consisting of the senior management of the bank.

Policies and processes for managing excessive on and off balance sheet leverage:

There are approved limits for instruments both on-balance sheet and off-balance sheet items. The limits are monitored and enforced on a regular basis to protect against such risk.

Approach for calculating exposure:

Calculation of Leverage Ratio

A minimum Tier 1 leverage ratio of 3% is being prescribed both at solo and consolidated level.

$$\text{Leverage Ratio} = \frac{\text{Tier 1 Capital (after related deductions)}}{\text{Total Exposure (after related deductions)}}$$

The exposure measure for the leverage ratio will generally follow the accounting measure of exposure. In order to measure the exposure consistently with financial accounts, the following will be applied by the bank:

- On balance sheet, non-derivative exposures will be net of specific provisions and valuation adjustments (e.g. surplus/ deficit on Available for sale (AFS)/ Held-for-trading (HFT) positions).
- Physical or financial collateral, guarantee or credit risk mitigation purchased is not allowed to reduce on balance sheet exposure.
- Netting of loans and deposits is not allowed.

Sustainability Report

Sustainability Report of Jamuna Bank Limited

On the successful completion of 16 years of inclusive banking, Jamuna Bank Limited is pleased to present its summarized Sustainability Report for the year 2016. The purpose of this report is to delineate the achievement of Jamuna Bank Limited, in its quest to attain its vision of being 'a leading banking institution and play a significant role in the development of the country'.

At Jamuna Bank Limited, we define 'sustainability' in the broadest possible terms. It is not just about consuming less or recycle natural resources, or preservation of environment, but it is about conducting our day-to-day business the right way, while working for different social, ethical, and environmental causes at the same time. It is serving and supporting its customers and communities, by touching the lives of the people with sustainable banking by integrating social and environmental responsibility into core business process and stakeholder management.

Triple Bottom Line Approach

Sustainability reporting represents the activities that have a direct impact on society, environment and economic performance of an organization (known as the Triple Bottom Line or Triple-P's; People, Planet, Profit). We are committed to serve all strata of society and through careful customer segmentation provide financial access and services. We always believe that growth should be both inclusive and environmentally sound to reduce poverty and build shared prosperity for our society to continue to meet the needs of future generations.

The Bank has expanded its arena in different and diversified segments of banking like Retail Banking, SME Banking, Corporate Banking, Off-shore Banking, and Remittance, Besides various deposit and loan products of JBL, the Bank caters to export and import financing and related credit facilities to deserving candidates which in turn helps the overall economy of the country through increased earning of foreign exchange.

Over the last few years, we are trying to build our existence as sustainable that will be able to help shape the strategy of the bank. During this period, we have strived to build up robust system for managing social and environmental issues. We also prepare ourselves for the challenge of becoming the most transparent Bank, gradually improving the quality of our Sustainability Reporting and disclosure on yearly basis.

Approach to Sustainability

Our approach to sustainability lies on:

- Adaptability with our long term vision challenging the changes in natural and economic environment.
- Integration of ethical, social and environmental criteria into the business decision making process.
- Adherence to compliance, transparency, and corporate governance.
- Contribution to social and economic progress in the communities where the bank is doing business
- Promotion of sustainable finance with strong focus on the renewable energy and clean technology sector.
- Continuation of stable and lasting relationships with all related stakeholders including employees of the bank.
- Ensuring responsible financing and risk management.
- Ensuring transparent reporting and quality approach.
- Utilising human capital and ensuring employee empowerment.

Sustainable Activities of the Bank

Sustainable HR Development

At Jamuna Bank, we seek the most competent and cultured candidates and do not discriminate with regard to their race, language, religious beliefs, gender or age. We believe that our employees are our most valuable asset, as their professionalism and proficiency, along with their diverse backgrounds and experience contribute significantly to our success. We only consider our employees' relevant skills and competencies, as those are the attributes that create sustainable values.

We provide specifically designed orientation programs to the new joiners to make them aware of the Bank's philosophy, goals, policies, procedures, rules, regulations and regular business practices and thus, to help them integrate smoothly into their roles. We, from our end, encourage our employees by providing equal opportunity and remuneration, and by guiding them towards their personal and professional goals through relevant training and skill development programs; so that they can achieve their full potential and face future challenges effectively.

Sustainability Governance

Board of Directors sets the structure for sustainability management by formulating business strategies and budget, policies for lending decisions, capital planning, risk appetite, corporate social responsibility etc. Risk management is supervised by the Risk Management Committee of the Board through a risk management committee at board level. There is a

Board Audit Committee to ensure compliance and internal control.

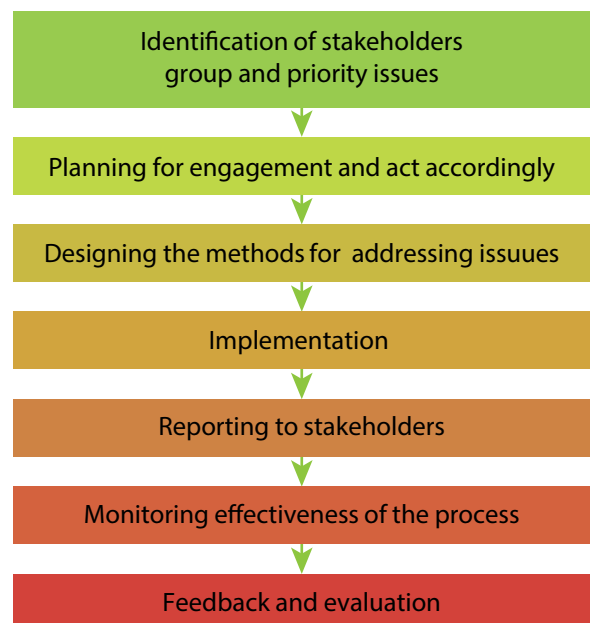

Stakeholder's Engagement

We consider a 'stakeholder' to be any person, group or entity that we expect to be affected by the Bank's activities or their engagement with our organization. Accordingly, we identify the groups listed below as our key stakeholders, all of whom have an interest in our economic, social and environmental performance:

- Investor
- Customer
- Employee
- Society
- Government Institutions (including legislators and regulators)
- Environment.

To attain sustainability goal we recognize that our success as a company is linked to understanding the long-term interests of our stakeholders. So, engagement of all stakeholders is a pre-requisite. The engagement process of stakeholders is designed as follows:

The engagement mechanism as well as objective is presented in the following table:

Economic Sustainability

In our quest for sustainable growth Jamuna Bank Limited works with a variety of stakeholders - including customers, employees and suppliers - to help them achieve their aspirations. Jamuna Bank Limited always makes every effort to repay the shareholders by returning maximum value. JBL conducts the business in a transparent and in an ethical manner, managing risk and pursuing opportunities while adhering to the principles of good governance. The Board of Directors guides our efforts to attain economic sustainability with a comprehensive corporate plan. This plan reflects the inputs of all key strategic business units- Personal Banking, Corporate Banking, Treasury and International Operations - as well as other support service units. The needs of each business unit are addressed in the annual budget as well as sectoral allocation. Our detailed budgeting includes specific goals for each unit with resources allocated according to the Bank's overall strategic objectives. The Bank's performance against defined economic targets is discussed in various reports of the Annual Report 2016. Report on Capital Adequacy has been separately discussed in the BASEL report.

Product/ Services Responsibility

The Bank presents an ample range of products and services designed to meet the need of the band of customers. We constantly upgrade our existing products and develop new products and services addressing the growing requirements of our customers, as well as technological change, market competition and economic and regional developments. Flexible options within our product basket enable customers to fit products and services to their exact needs. The Bank's delivery channels are a strong factor in our growth and success, strengthening customer loyalty towards our institution. We are proactive in making service improvements, introducing state-of-the-art technology into our processes and channels to enhance our reach and efficiency in delivery.

Environmental and Social Obligations

Jamuna Bank maintains conventions which prohibit the condition of providing credit, or otherwise support, any activities which might harm the environment, be morally repugnant or jeopardize human rights. In particular the Bank has in place

policies which forbid involvement with production or trade in radioactive materials or significant volumes of hazardous chemicals, military equipment/weapons, other activities that are ethically or environmentally sensitive. Strict monitoring processes are in place which requires customer contact staff to certify that any business we write conforms to these principles.

Jamuna Bank's corporate culture is built on respect for the society in which we operate and an inclusive perspective on our stakeholders embracing not just shareholders and staff, customers and business partners but the community at large. The Bank observes a policy of equality in all dealings with the public in general and customers and staff alike. Above all, Jamuna Bank has practiced from the very beginning 'zero tolerance' of corruption both internally and externally and transgressions are dealt instantly.

Environmental and Social Initiatives

JBL strives to meet and exceed the social and environmental expectations beyond the minimum regulatory requirements. Integration of ethical, social and environmental criteria in business decision making process was our core initiatives in 2016. Some notable initiatives are given below:

- Application of Environmental and Social (E&S) risk management procedures in assessing all credit applications for corporate and real estate.
- Maintain negative list of sectors (adversely impacting the environment) in the credit policy as best practice.
- Maintain e-mail rather than paper for internal communications to reduce the waste of papers.
- Disbursement of loan to farmers for cultivation of maize, oilseeds, onion, ginger, and pulses at subsidized interest rate of 4.00% p.a.
- Indirect lending through partner MFIs in primary agriculture and to the people who were previously considered unbankable etc.

General Code of Conduct

This code brings together the ethical principles and rules of conduct governing the actions of the entire Bank's staff and is the central element of the Bank's compliance program.

Sustainable Finance

Sustainable Finance

'Green' or in other word 'Sustainable Banking' is a major issue worldwide now. Awareness about the development of sustainable/green financial regulations has been increasing rapidly. Through protecting or preserving environment, such financial inclusion in sustainable measures result onto special jobs, economic uplift and creates a long-lasting positive impact in a country's economy.

In a bankdependent economy like Bangladesh's, environmentally-aware and sustainable banking, otherwise and more commonly termed as 'Green Banking' thus turns out to be of paramount importance. The interest is based on the increasing climate change risks for the financial sector on the one hand and on the other, a need to integrate the financial sector into a transition to a green economy. A regulative approach would be a significant exit from banks' approach to rely on purely voluntary activities as it concerns the integration of sustainability issues into their business.

Bangladesh's vision for a prosperous future ('Vision 2021') highlights that it is a nation endowed with enormous potential that is yet to be realized. It is seeking our country to transform to a middle-income economy over the decade through enhanced and sustainable agricultural production, accelerated industrialization and increasing integration into the global economy. At the same time it must address critical energy supply and infrastructure gaps, handle rapid urbanization and address vulnerability to floods, cyclones, storm surges and drought.

In this view, the central bank of the country – Bangladesh Bank –drafted and enacted the Green Banking Guideline in 2011 as a mandatory policy guideline and subsequent SFD circular no.02 dated Dec 01, 2016 for all the scheduled banks as well as other financial institutions to follow and instructed all banks/FIs to constitute an integrated unit termed as "Sustainable Finance Unit" with abolition of Green Banking Unit and CSR unit (if the CSR activities of the Bank/FIs are not operated by their own foundation) for proper monitoring of two main pillars of sustainable banking- i) Green banking and ii) CSR (Corporate Social Responsibility).

Jamuna Bank Limited has taken steps in this regard by forming Sustainable Finance Unit (SFU). As Jamuna Bank Foundation operates its CSR activities, this unit (SFU) is responsible for Green banking activities, now termed as sustainable finance activities.

The functions of the Sustainable Finance Unit as per BB SFD circular no.02 dated 01.12.2016 are as follows:

1. Ensuring implementation, revision, modification, modernization and execution of Bank/FI's own policy in the following matters:
 - 1.1 Green Banking
 - 1.2 Corporate Social Responsibility (CSR)
 - 1.3 Environment and Social Risk Management Policy and Sector wise Environment and Social Risk Management (jointly with Credit Risk Management Division)
 - 1.4 Green Office Guide
 - 1.5 Green Strategic Planning
 - 1.6 Gender Parity
2. Ensuring implementation, revision, modification, modernization and execution of Bank/FI's own strategy in the following matter:
 - 2.1 Carbon Foot print measurement (annually)
 - 2.2 Formation and operation of Climate Risk fund
 - 2.3 Green Marketing (Jointly with Marketing Division)
3. Synchronization regarding collaborative CSR (e.g. Combined Day Care Centre) in financial sector
4. Co-ordination regarding taking formal permission and setting up of Green Branch from Bangladesh Bank.
5. Co-ordination regarding making Sustainability Reporting (jointly with Finance and Accounts Division).
6. Ensuring implementation of SFD Circular no. 01/2016.
7. Ensuring implementation of directions issued by Bangladesh Government and Bangladesh Bank regarding Sustainable Development Goals declared by United Nations.
8. Ensuring implementation of directions issued by Bangladesh Bank from time to time regarding Green Banking, CSR, Sustainable Banking and Sustainable Finance.
9. Communication and Co-ordination with Bangladesh Bank regarding submitting of all required statement to BB related to Green Banking and CSR activities as well as all matters of Sustainable Finance.

10. Signing of Participation Agreement of all On-Lending/On-Blending (Refinance/Pre-Finance/Reimbursement) Scheme/Fund/Facility/Project activities, application of Refinance/Pre-Finance/Reimbursement and all related activities under Sustainable Finance Department of Bangladesh Bank.
11. Innovation of Financial Instrument & Products of Green Finance & Sustainable Finance and obtaining permission of the same from Bangladesh Bank.
12. Preparation of Annual Budget of Green Finance, CSR, Climate Risk Fund, Green Marketing and obtaining approval from Board of Directors through Sustainable Finance Committee.
13. Ensuring necessary training of Official/Staff of the Institution regarding Green Banking, CSR, Sustainable Banking and Sustainable Finance.
14. Taking necessary planning and initiative to increase Green Finance, Utilization of Climate Risk Fund, area and volume of CSR and got approved by the Board of Directors through Sustainable Finance Committee.
15. Providing necessary support to implement the directives of Internal Control & Compliance unit regarding Green Banking, CSR, sustainable banking, sustainable finance etc.

The phase-wise action plan is applicable for all banks operating in Bangladesh for coping up to meet the target within the stipulated deadline. Jamuna Bank Limited has already stepped in different arena for implementation of "Sustainable Development Goals". as per following:

- JBL has formulated Environmental Risk Management Policy to understand and manage risks arising from environmental concerns.
- JBL has taken initiatives to create a climate change risk - fund for financing in different areas after assessing the risks involved. The said fund will be a part of the bank's CSR expenses.
- JBL has given preferences for financing in eco-friendly business activities and energy efficient industries like Effluent Treatment Plant, renewable energy project, clean water supply, waste management plan, solid & hazardous disposal plant, bio gas plant, bio-fertilized etc. The Bank has financed in Hybrid Hoffman Kiln (HHK) technology, solar panel etc.

- The Bank has started to set up energy efficient bulbs in the newly established/existing Branches. Different divisions of the Bank are disseminating operational guidelines, circulars and Management decisions as well as collecting statements through email reducing use of paper.
- We maintain negative list of sectors (adversely impacting the environment) in the credit policy as best practice,
- For setting up of Branches, Bank is emphasizing on use of renewable energy (e.g. solar), use of energy saving bulbs and other equipment, reduced water and electricity use, use of recycled water etc. Already 22 branches are powered partially by Solar energy.

We have introduced and practicing Green Tips to manage better In-House Environment. Some of the practices are as below:

- Preparation & maintenance of inventory of the consumption of water, paper, electricity, energy etc. in offices and branches in different places.
- Saving electricity and reduce water and paper consumption.
- In place of relying on printed documents, online communication is extensively used (where possible) for office management.
- Installing energy efficient electronic equipment's and automatic shutdown of computers, -fans, lights, air coolers etc.
- Use of energy saving LED Bulb as much as possible.
- Printing on reusable sheets, double sided etc.
- Use email statements, we save an enormous amount of paper.
- Low use of cheque book or paying-in book (withdrawal & payment through Card)
- Saving electricity by proper management of computer, AC, printer, light etc. electric and electronic devices.
- Putting a restrain and ensure judicious consumption of water, fuel and energy.

It is an ongoing process for us to achieve Sustainable Development Goals and we anticipate that our Bank will be able to attain the objective within stipulated time.

Corporate Social Responsibility

(Jamuna Bank Foundation)

Corporate Social Responsibility

Why Corporate Social Responsibility?

People are increasingly concerned about how business operates. This is certainly true for banks also. The role of business world-wide and specifically in the developed economies has evolved from classical 'profit maximizing' approach to a 'socially responsible' approach, where businesses are not only responsible to its stockholders but also to all of its stakeholders in a broader inclusive sense. With increased globalization, local businesses are being integrated with the global economy than ever hence pressure is mounting on local businesses to converge on international standards of socially responsible business.

To fully meet their corporate social responsibility, enterprises must have in place a process to integrate social, environmental, ethical, human rights and consumer concerns into their business operations and core strategy in close collaboration with their stakeholders, with the aim of:

- maximising the creation of shared value for their owners/shareholders and for their other stakeholders and society at large;
- identifying, preventing and mitigating their possible adverse impacts.

The practical content of CSR will depend on the size of the enterprise and the sector in which it is active.

An adequate CSR policy is a full part of the core activities of a company. It results from the conviction that the integration of CSR aspects is a necessary pillar for the long-term profitability and the stability of the company. CSR is therefore not just important for society, but also for the shareholders. It covers more than just PR or communication.

CSR in Banking Sector

A socially responsible and sustainable banking sector accepts to take on responsibility for the impact of its activities on society and is prepared to be accountable for this.

The impact of the banking sector on the stability of the economy requires a sector managed with integrity and due diligence that:

- handles the risks inherent to its activity in a realistic and responsible manner;

- is transparent to customers and stakeholders about its operational management and the products offered;
- pays attention to its basic function as engine of the economy, by e.g. lending to private persons and companies.

Characteristic of the activities of the financial sector is that it also has an indirect impact on a sustainable society. Via the integration of CSR criteria in the policy regarding the funding of governmental bodies, companies and private persons, borrowers are motivated to take sustainability into account in their projects.

Also via the offering of sustainable products (e.g. sustainable saving products, ethical funds, green loans) a sustainable economy is indirectly stimulated.

In addition, the financial sector, as a large-scale employer, also has social responsibility. We are thinking here of attractive and challenging long-term employment, as well as a fair and balanced remuneration policy.

Finally, the sector also has direct ecological impact due to, e.g., power and paper consumption in the many branches and the mobility of the employees.

Bangladesh Bank has taken initiatives in respect of formalizing CSR in the banking sector of Bangladesh and issued directives to the banks and, financial institutions in this regard. It defined the strategic objective for CSR engagement, provided some priority areas with a suggestion to foster CSR in their client businesses. CSR initiatives of banks and NBFIs mainly focus on

- i) financial inclusion of less privileged population segments and underserved economic sectors,
- ii) promotion of health, education and cultural/recreational activities for advancement and well being of underprivileged population segments,
- iii) promotion of environment friendly projects,
- iv) humanitarian & disaster relief
- v) adoption of energy efficient, carbon footprint reducing internal processes and practices in own offices and establishments

Establishment of model village at Sena Para remote area under Thakugaon district by Jamuna Bank Foundation as a part of Corporate Social Responsibilities.

Jamuna Bank Foundation has started the construction works of Old home at Mekail Nagar, Keranigonj. A local business man AL-Haj Zulhash donated 10 bigha land for establishing this Old home. In this regard a master plan was also approved by the Foundation to establish a 10(ten) storied building to accommodate people having no place on the earth to stay. Here old aged people but poor will be able to stay free of cost, however, option is there for middle income and high income class to stay at minimum cost.

Construction of Jamuna Bank Complex at Chand Uddayan, Mohammadpur in 10.00 katha land is going on. At present, a 6-storied (having foundation

of 8-storied) is being constructed on this land. After completion of the construction works the activities of Jamuna Bank Foundation i.e. Free Primary School, Sewing machine training center, Vocational Training Center and Free Medical Center etc. will be operated in this building.

Jamuna Bank Institute of Information, Communication & Technology" (JBIICT) an initiative of Jamuna Bank Foundation was inaugurated at National Plaza, 109, Bir Uttam CR Datta Road, Sonargaon Road, Dhaka. JBIICT will give free ICT training to poor but meritorious students.

Besides, established a solar village at char Tertakia, P.S. Pakundia under Kishoregonj district by Jamuna Bank Foundation. Char Tertakia is the remote char area where no electricity is available, many poor & meritorious students of the village could not study well due to cost of kerosene oil etc. We have arranged Solar light for every family in this village. Henceforth, the students of that village can study at night by using solar light, the villagers can perform evening chores continuously and without any interruption, A land is purchased and laid down the foundation Stone for establishment of world standard Medical College at Rupshi, Rupgonj near Dhaka, where medical services will be provided at free of cost/low cost to the poor patient and also with have arrangement of medical study for the poor meritorious students, Many items like sewing machine, Van, Riskshaw will be provided for the rehabilitation of disabled & freedom fighters.

We have many more elaborate planning. Inshaallah! these would be implemented gradually with increasing of financial position of Jamuna Bank Foundation. We think the functionalities taken up by Jamuna Bank Foundation are exceptional & exemplary, which is a matter to follow by others.

If these examples of us are followed by different Corporate bodies of the country then under-privileged people would be highly benefited and it will add great value to the national economy of us.

Loans and Advances/Investments

JBL was in constant efforts to explore different areas of credit operation and could maintain the credit portfolios of Tk.117,099.61 million in 2016 while it was Tk. 87,252.28 million in 2015. In order to ensure compliance with regulatory requirements for avoiding risk of exposure to single borrower, concentration on large loans, to bring in excellence in credit operation in relation to risk management, yield, exposure, tenure, collaterals, security valuation etc. the portfolio of loans and advances increased 34.21% in 2016 from the year 2015. JBL strived for further diversification of credit portfolios. Its credit facilities were concentrated on Trade Finance, SME finance, Agriculture and related sectors, project finance, wholesale and retail trade, transport sector, hospital & diagnostic centers and syndicate financing for big

projects, capacity additions to the manufacturing sector and structured financing for developing infrastructure of the country.

Deposits

Total deposits stood at Tk.141,550.96 million as on 31.12.2016 which was Tk.118,849.18 million as on 31.12.2015. The growth of deposits Tk.22,701.78 million being 19.10% over the previous year.

Deposits Mix and Growth

JBL attaches utmost importance to the deposit mobilization campaign and to the optimal deposit mix for minimizing cost of fund as far as practicable. JBL was able to instill confidence in customers as to its commitments to the depositors and borrowing customers and thereby could mobilize a total deposit of Tk. 141,550.96 million in 2016 against that of Tk. 118,849.18 million in the preceding year showing an increase of Tk. 22,701.78 million being 19.10 percent. For healthy growth of business JBL puts emphasis on no cost and low cost deposit all the time. A number of savings schemes are in place for mobilizing long term deposits, which can be planned to invest in term loans in the area lease finance, project finance and SME and retail finance with a view to having better yield. JBL's such move will motivate the people to have good savings habit, as well. The comparative position of deposit mix of the Bank as on 31.12.2016 and 31.12.2015 is depicted below:

CORPORATE BANKING

At JBL we attach maximal importance to our customers and strive to provide financial solutions best suited to their need. Our corporate banking team comprises of highly skilled and experienced relationship managers who are capable to focus on clients' financial requirements and able to provide customized solutions.

Our team is well-equipped with analytical tools, able to attend to details, possesses extensive knowledge of the market dynamics and complex financial issues that our customers deal with on a day-to-day basis and works out best solutions for them.

In a progressively declining interest rate regime, JBL made cautious moves and careful selection of customers with an overall focus on balanced growth in lending vis-à-vis income in 2016. While the dominant industry sectors continued to receive attention, the efforts of the corporate team were also directed towards exploring possible lending prospects in emerging industry sectors. At the

same time, emphasis was given to structuring credit in the most suitable manner to address the complex financing requirements of our customers. All the time, the corporate lending strategy was continuously reviewed and efforts were made to avoid concentration of loans in industry sectors.

In a highly competitive environment, the team pursued a prudent pricing strategy and endeavored to cater to the increased financial requirement of existing customers to retain them. The strategy proved to be a success and JBL ended up in building a rewarding loan port-folio.

Sustainability continued to receive attention and JBL corporate team made much emphasis on financing industries and businesses who were conscious and keen to implement an environment management system. The team also saw to it that social issues and stakeholders' interest were adequately addressed in the financed projects.

JAMUNA BANK TREASURY

Treasury is involved in identifying and measuring the risks associated in the business and accordingly minimizing or hedging those risks using various financial tools and maximizes profit for bank. Jamuna Bank is a major player in the treasury market. A fully equipped, dynamic and efficient treasury team is providing treasury solutions through an array of products catering to the need of its customers in a complex financial and diverse economic environment. JBL treasury is extensively involved in money market, FX, securities market as PD, funding to corporate businesses & OBU etc. It maintains the required statutory cash and liquidity reserve of the bank. It also provides inputs, makes analyses, monitors movements and serves as a key facilitator in the assets and liability management of the bank. JBL treasury operates designated desks to deal with treasury issues and endeavors to provide solutions best suited to customers' need in a wide range of areas including the following:

- Money Market
- Fixed Income
- Corporate Service
- Foreign Exchange
- Offshore Banking Unit (OBU)
- Asset Liability Management (ALM)

Money Market: Money market desk assumes the responsibility of maintaining Cash Reserve Ratio (CRR) and also local currency fund management of the Bank. The year 2016 was particularly challenging for Treasury as the money and FX market was flat. The desk kept a close watch and strict monitoring to make sure CRR is maintained. JBL money market is one of the most active and efficient desks in the inter-bank money market of the country. The desk used the money market products such as call money, term money, SWAP, Repo, Reverse Repo etc to the best of their potential to reap a considerable income in 2016.

Fixed Income (Primary Dealer): Fixed Income desk of JBL Treasury proactively conducts its role as a PD. It also maintains the required liquidity reserve in approved securities. JBL is working hard to build a secondary market for Govt. securities. In recognition of its proactive role and being the most successful trader of securities in the secondary market, JBL has been rewarded 14 times by Bangladesh Bank as the best primary dealer. JBL fixed income desk maintained a sizable amount of securities in its trading book and has been very successful in utilizing the market potential to book hefty gain.

Corporate Service: JBL Corporate Service Desk has been supporting the clients who were in need of short term funds for business transactions under a special arrangement called "Special Investment Fund for Corporate (SIFCO)". The desk acted as an intermediary to channelize the surplus fund in the market to the clients who was in need short term funding.

Foreign Exchange: JBL Treasury has been playing a pivotal role and meeting all the funding requirement of the bank including foreign currency. Over the years the FX desk of JBL Treasury has been maintaining bank's Net Open Position (NOP) and FC liquidity in a discreet manner to manage exchange rate risk involved in commercial transactions of on-shore and off-shore banking units. JBL is one of the leading market makers of foreign currency products like spot, swap, forward transactions in inter bank market. In 2016, JBL Treasury made forecasts on future exchange rate movement on a regular basis and maintained its open position based on its forecasted future position. FX market saw an upward trend during November -December 2016 when JBL made cautious moves and managed the position with high efficiency and made handsome gains.

Off-Shore Banking Unit: In order to cater to its customers' need for FX products and services and provide comprehensive benefits of Off-shore banking, JBL embarked into Off-shore operations from April 22, 2010 with the following objects in mind:

- To widen and diversify JBL's area of services to the foreign investors as they do not have the opportunity of availing credit facilities from different Financial Institution in Bangladesh.
- To diversity the sources of foreign exchange earnings by increasing export of Bangladesh through the EPZs.
- To encourage and foster establishment and development of industries and commercial enterprises in EPZs in order to widen and strengthen the economic base of Bangladesh.

Asset Liability Management: The ALM desk of JBL Treasury is a highly efficient team preparing the ALCO package and providing analysis, evaluation, risk profile and mitigation to help deciding on essential components of balance sheet management. The Head of Treasury places the results of balance sheet analysis along with recommendation in the ALCO meeting where important decisions are made to minimize risks and maximize return. The ALCO committee consists of the Managing Director as the

Chairman of the committee & Head of Treasury is the member secretary. This committee meets at least once in every month to analyze, review and formulate strategy to manage the Assets and Liability of the bank. The ALM desk provides analysis, instruction and guidance in the area of Asset Liability management for proper management of balance sheet of the bank. It takes various decision regarding interest rate of deposits, loan pricing, Credit Deposit Ratio, Fund transfer pricing etc. The Asset Liability Management (ALM) of the bank mainly focused along with the ALCO committee to work with-

- Maturity Risk Analysis
- Interest Rate Risk Analysis
- Liquidity Risk Analysis
- Contingency Funding Plan (CFP)
- Currency Risk Analysis
- Value at Risk Analysis (VAR)

Thus, JBL Treasury Division with the help of ALM desk has taken the opportunity of arbitrage from the prevailing inter-bank money market condition to attain optimum level of performance in 2016. Moreover, through continuous market analysis, JBL ALM desk regularly revised bank's deposit rates and updated other scheme products to offer the best available banking products for clients. Regular revision of deposit rates also helped to maintain a steady spread for the Bank.

Along with other business initiatives, JBL is working to revamp the Retail Banking business across Bangladesh to meet the Customers' demand keeping classified loan ratio at a minimum level.

Key priority for 2017 is to focus on revenue generation through quality asset, ensure profitability as well sustainability and achieve lower CL ratio. Retail Banking Division of JBL always strives to ensure prompt and pleasant customer service through maintaining service standards and quality credit assessment.

AGRICULTURAL AND RURAL CREDIT SUPPORTS

Jamuna Bank has been in eight years now making agricultural and rural credit to marginal and small farmers, sharecroppers and to landless people under the Agriculture Loan Project (ALP). Following credit norms, policy stipulations and guidelines of Bangladesh Bank, the bank has made fairly well in terms of distribution of agricultural loans, cumulative disbursement at FYE 2015-2016 was 625 crore distributed among 224,155 borrowers. The bank also extended credit to other priority agricultural fields including '4% concessional rate' for maize, seeds, pulses etc with satisfaction of regulators.

Total disbursement was Tk133.66 crore in 2015-16 where more than 81% of disbursed amount was made to three sub-sector viz. crop, livestock and Pisciculture, which was about 74% in 2014-15. Other sub-sector were poverty alleviation, crop storage, irrigation tools, agricultural tools and others which account for only 18.39% of total disbursement. Among the borrowers more than 98% are women who received 93% of loan disbursed. More than 92% loans are disbursed through NGO linkage /MFI and rest 8% by bank own network.

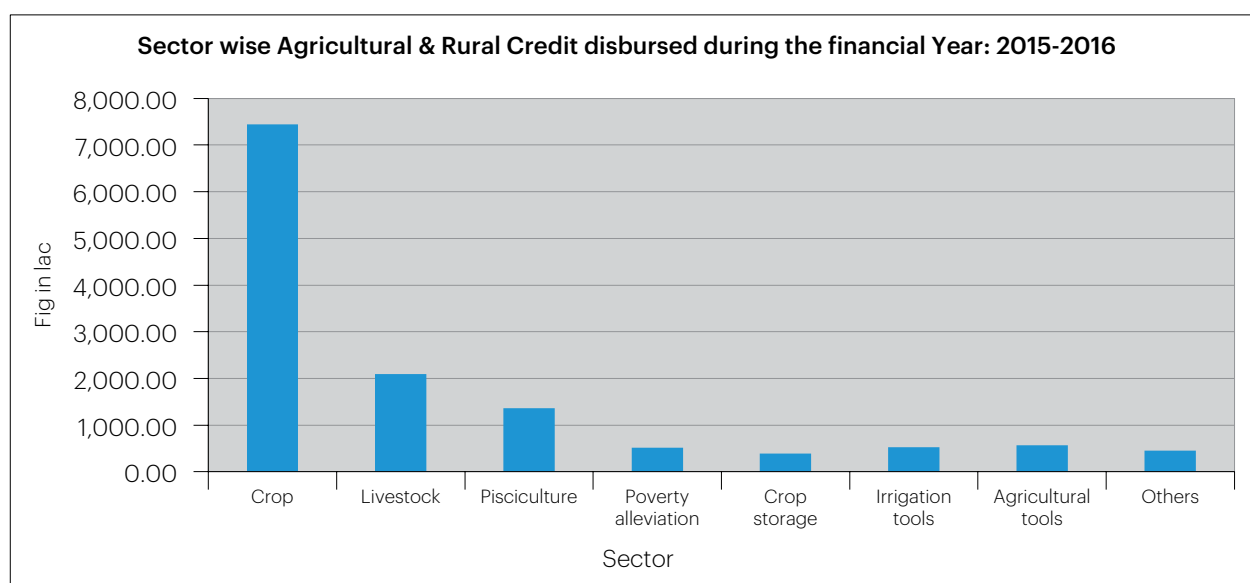

As a recognition of great success in achieving targets of disbursing agricultural and rural credit, JBL got appreciation letters from BB for three consecutive financial years 2012-2013, 2013-2014 and 2014-2015. The bank is expecting to receive appreciation of BB for 2015-2016 as well.

Jamuna Bank Foundation (a sister concern of JBL) provides training support on different agricultural

based trade and other services to the borrowers in addition to loans. As a result, ALP of the bank has created more self-employment opportunities, increased agriculture production, and improved living standard of rural people especially for women and unemployed youths.

The loans under Agriculture Loan Project (ALP) have become popular as these are short and easy term loans disbursed directly through JBL branches and linkage program with microfinance NGOs timely and quickly following Area Approach. JBL determines the rate of interest based on customer-banker relationship and risks analysis for various sectors and sub-sectors and no charge is applicable except declared interest. The loan is repaid through a customer friendly practice with a grace period of maximum two years with flexible installments of monthly, quarterly, half yearly and yearly. HUMAN RESOURCE MANAGEMENT

Philosophy Of Managing Human Capital In Jamuna Bank:

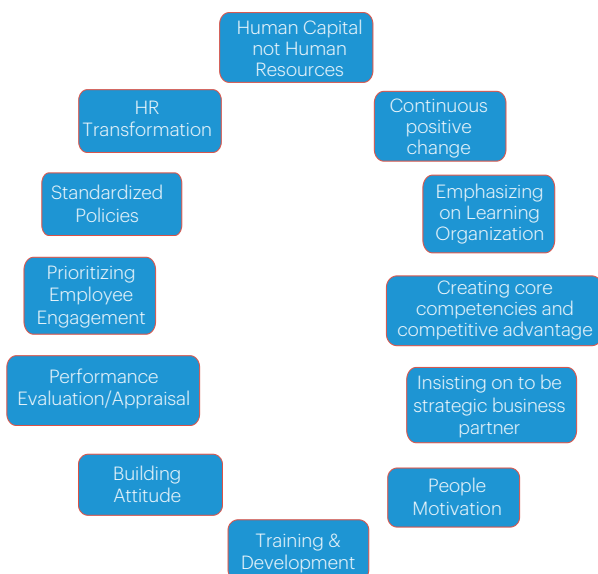

- Achieving added value through people
- HR Value Proposition

To add value to the key stakeholders i.e. customers, line managers, employees and the investors of Jamuna Bank, the team of Human Resources Division is relentlessly thriving with the deep rooted philosophy to lead and win.

Sticking to the philosophy to reach the vision of the bank, the Human Resources Division of JBL has already created and on the way of creating a pool of talented workforce focusing on the **hygiene-motivation factors** to eliminate dissatisfaction and increase job satisfaction of the employees which directly help contribute to the bottom line of the bank.

Our strategic positioning to bring a revolutionary platform of People Management to align and realign the individual goal to organizational goal:

We see our people as Human Capital not Resource only:

We transform our Human Resources (HR) to Human Capital (HC) and treat the employees as asset not cost. We know that Human Capital is the most powerful and key intangible asset of the organization which enhances customer relations, brands and organization image and accordingly the emphasis is exerted on the continuous improved know-how, imagination and creativity of employees turning into capital to grab the set goal and ultimate success.

We lodge in continuous positive change:

Under the umbrella of the loops of learning and scanning the existing organizational culture, Human Resources Division is endeavoring to the continuous learning journey through the process of single, double and triple loop learning in organization-wide to flourish and sharpen people knowledge and skill of the organization to live on ever-changing policies and practices.

We emphasize on Learning Organization:

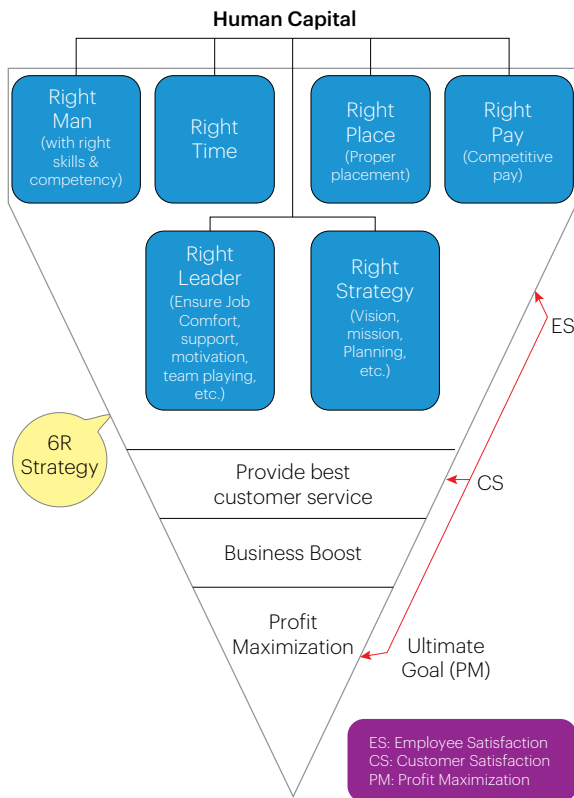

We are on the way to transform our bank into an ideal learning organization in order to expand the capacity of people, grow new patterns of thinking, and set free collective aspirations to attain the set goal of the bank. We are assisting our people to realize and see the different organs of the bank in holistic approach for the continuous improvement of the bank.

We believe in creating core competencies and competitive advantage:

Human Resources Division is simply putting effort on creating value for both tangible and intangible asset of the bank, rarity of the bank's capacity, inimitability of the process of the people and well organization of all the systems for foundation of core competencies and cutting edge of the bank. Simply our purpose is to add value to the stakeholders.

We insist on to be strategic business partner:

We are fully aware of the financial gain for shareholders and to achieve our vision we always prioritize our customers and accordingly we are working for the development of the business through recruiting and deploying the right number of people and right kind of people, at the right time, in right place, doing the right things at the right cost with right leadership and right strategy.

We work for Employee Motivation:

Motivation is a part of an individual cognitive structure and is not directly observable. Behavior is the direct consequences of the motivation.

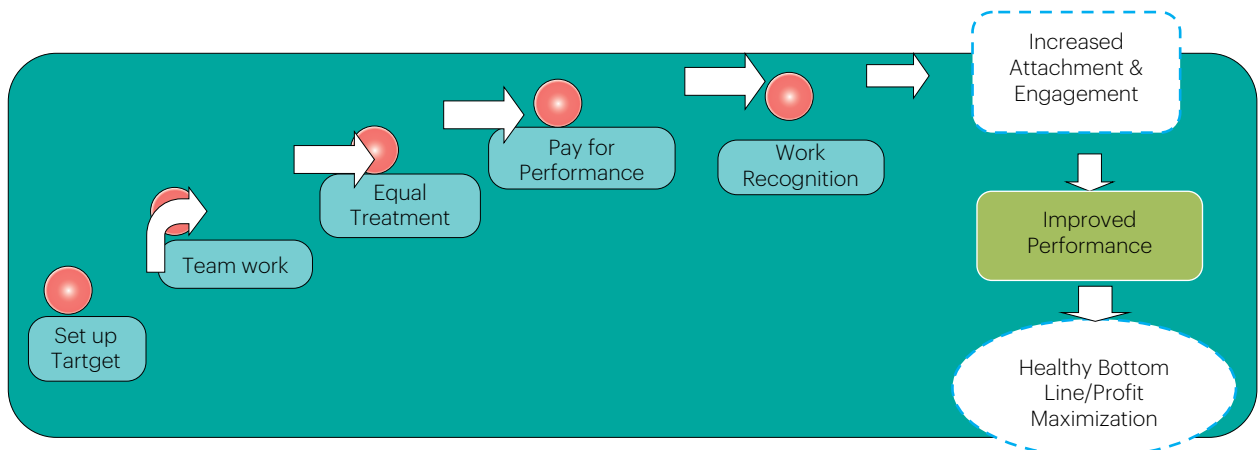

So, we drive our people’s willingness and attitude to work and run an extra mile for achieving the given target. And we know if the employees feel motivated, they will perform well to achieve the individual goal and so the HR professionals of the bank have established motivational tools both in intrinsic and extrinsic aspects.

The **hygiene-motivation factors** are our key system to eliminate dissatisfaction and increase job satisfaction of the employees.

Extrinsic Motivating Factors		Intrinsic Motivating Factors	
1	A competitive Pay Package	1	Work recognition for high achievers
2	A Standard work policy	2	Higher responsibility for competent people
3	A smooth Interpersonal Relationship among colleagues	3	Scope of Career Growth for the talent
4	A happy work place environment	4	Retention of talent
5	Accelerated Promotion	5	Providing greater scope of work
6	Car Facility for Non Executives’ high achievers	6	Job Security
7	O2 (two) gratuity for completing 06 years banking career	7	A friendly supervision system by line managers

We prioritize employee engagement:

We have adopted some practical steps to improve employee engagement as engaged employees work with passion and feel a profound connection to the organization. The engaged employee drive innovation and move the organization forward.

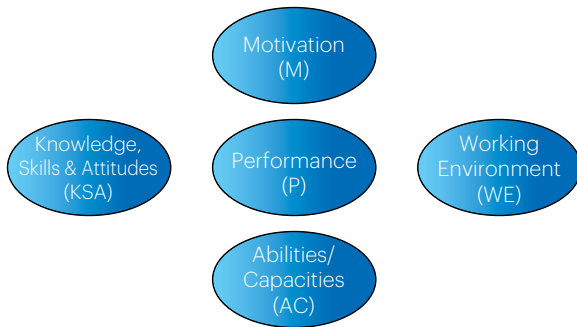

We percolate Training & Development:

The management of JBL believes in the philosophy "Talent becomes obsolete without renewed and refreshed knowledge & skills". Training and Development only can add the flavor of new horizon of knowledge and skills to the performance of the people.

However, the management expects and desires "Performance and achieving the set goal" from the people of the bank. So, Training, Development and knowledge sharing program are the pivotal points for the management.

Through providing on the job and off the job training, Performance of the employees are developed and sharpened.

We Build Attitude:

The HR team of JBL continuously thrives for right attitudes of the employees modeling the behavior through continuous Soft Skills training and individual counseling program. We believe customer service is not a department; it's just an "ATTITUDE".

We ensure Transparent Performance Evaluation/Appraisal System:

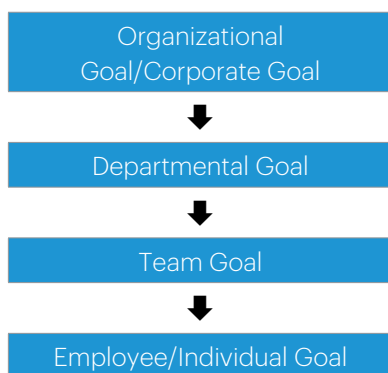

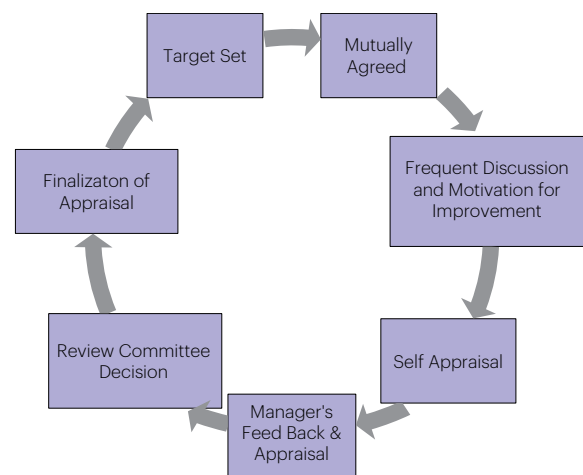

In order to appraise/evaluate the employees objectively and unbiasedly and take concrete decisions, Key Performance Indicators - KPI (SMART) is introduced in the bank using "The Balance Score Card":

To create a pragmatic appraisal system, JBL focuses on six banking metrics in the performance management system in the bank i.e. KPI and accordingly appraise/evaluate the employees to create a healthy the bottom line of the bank.

At the get-go of the year, the corporate goal of the organization is cascaded to individual level and every one of the bank becomes aware of the target, duties and responsibility.

At the end of the year, each manager of the branches and divisions rate each individual against the set goal i.e. target vs. achievement of the individual. To this process, the employee first makes self-rating and then the managers have a sit with the specific employee and discuss with the employee about the achievement and the target.

The Rating Scale through Bell Curve: The bell Curve varies from year to year depending on the achievement of the business.

Though it is fixed by the management to cap the rating scale for every division and branch but the branches and divisions who fulfill their target 100% have the opportunity to increase high rating or decrease the number of low rating.

JBL standardized Policies:

JBL has transformed and formulated policies in to standard work policies so as to create a healthy corporate environment which leads to nurturing resources into capital. The policies of JBL have been formulated focusing on the employee retention, retirement benefits and work place safety issues.

To stand out in the industry and to create core competencies of the bank for harvesting competitive advantage and to be one of the top leaders, we have smoothened a trajectory of not only making profit but also a center for service excellence to make the bank a coral reef for the customers:

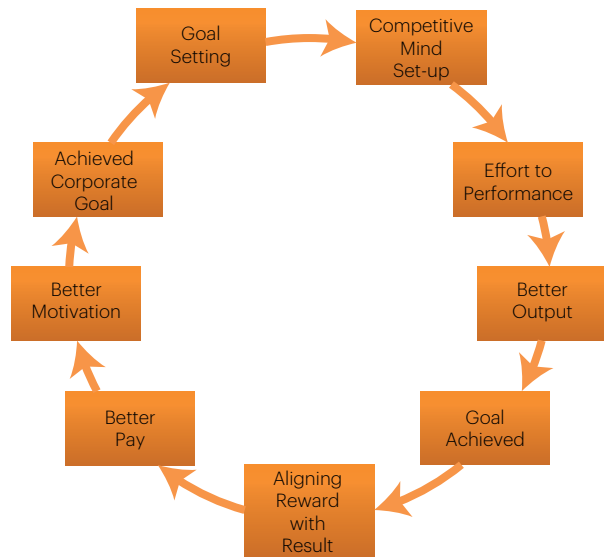

1. Broad Band Approach in Compensation management:

A competitive pay package has already been initiated to retain and attract the talent for the bank. As we believe in retention of the talent who are the stars and cash cow of the organization. The competitors find it difficult to woo our talent due to our competitive compensation system.

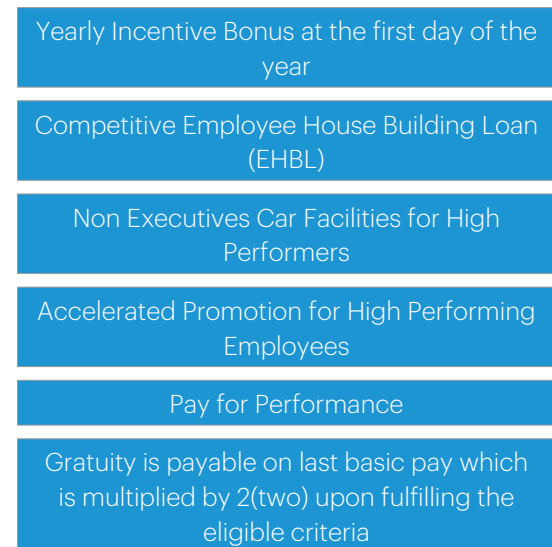

2. Pay for Performance:

JBL strongly emphasizes on healthy and energized workplace to create competitive mind set up among the individuals to enhance quality, efficiency and skills resulting into better performance to reach the goal. The better talent is acquired with competitive pay.

3. Key Employee Benefits:

JBL management intensively thinks of the employee benefits to groom and grow its employee for a longer period.

4. HR Audit:

We have in the meantime examined our existing loopholes of the bank in respect of HR toolkits and accordingly justified and initiated the best practices of Human Capital Management. This audit is supporting and helping the bank to be one step ahead and to leapfrog to create core competencies both for individual and for the bank.

5. Job/Task Analysis of the Division/Branch:

At the get-go of the year 2016, JBL has completed job analysis of all the divisions to understand the existing manpower vis-à-vis to know the surplus / deficit manpower of each division of the bank.

6. Assessment Test for Talent Acquisition:

To select a fresh pool of go-getters, HR Division incorporated situational assessment test, a soft skill assessment, for selecting Management Trainee (MT), Probationary Officers (PO) in addition to the written test and viva-voce which helps bank to float outstanding individuals across the bank to reap the best harvest of the industry.

Human Capital Position:

The strategic Human Capital Positioning in JBL is reported below:

Human Capital Valuation of Jamuna Bank Limited (JBL):

Jamuna Bank Limited firmly believes its employees as the most significant capital i.e. Human Capital. To this effect, people are the key investment of the bank to attain the set goal of the bank. JBL considers skill value and economic value in terms of Human Capital Evaluation of the bank.

To see the skill value, the JBL management team continuously measures the skills of the employees' existing and future potential and services because people who are capable of rendering future services possessed potentials and constitute the capital to attain the expected goal of the bank.

To see the economic value, JBL management follows the investment and contribution of the individuals. The investment of individuals is acquisition cost, remuneration cost, training cost and other cost which will consequently generate maximum income for the bank.

Some significant per Employee Economic Value Evaluation of 2016 is reported below:

Per Employee Cost and Profitability Analysis

Salary Cost as (%) of operating cost	64.38%
Salary Cost as (%) of Operating Income	30.83%

Priorities in 2017:

HR Transformation:

To add "Value" to the organization is simply the motto of HR professionals of JBL.

The management of JBL is well aware of the fact that inter-linked and integrated approach of HR practices collectively can add value to all the stakeholders' life and behavior. HR team is under the management direction pursuing the "VALUE" as without creating value all efforts remain effortless.

However, the piecemeal basis changes and development in HR policies and practices are being integrated to the functions and process of the bank.

Transformation of HR explicitly implies to prefixing and suffixing value to the entire array of satisfaction to customers, managers, shareholders and employees.

And JBL HR Team is on the way to galvanize the "Transformation".

CREDIT RISK MANAGEMENT

Goal of the Credit Risk Management Division:

The goal of Credit Risk Management Division is to maximize Jamuna Bank Limited's risk-adjusted rate of return by maintaining credit risk exposure within acceptable parameters.

Sources of Credit Risks:

While loans continues to be the largest source of credit risk, like most financial institutions, JBL also faces credit or counter party risk in various instruments other than loans such as, acceptances, interbank transactions, trade financing, foreign exchange transactions, financial futures, swaps, bonds, equities, options, in commitments & guarantees and in the settlement of transactions.

Mitigation of Risks:

Jamuna Bank Limited has developed a keen awareness of the need to identify, measure, monitor and control credit risk as well as to determine that the bank holds adequate capital against these risks and that the bank is adequately compensated for risks incurred to promote sound practices for managing credit risk.

The sound practices set out in Jamuna Bank Limited specifically addresses the following areas:

- (i) Establishing an appropriate credit risk environment;
- (ii) Operating under a sound credit granting process;
- (iii) Maintaining an appropriate credit administration, measurement and monitoring process; and
- (iv) Ensuring adequate controls over credit risk.

On proper due diligence while preparing the credit proposal, a robust approval process and in the post sanction period continuous monitoring of the loan during the entire life cycle.

The onset of the robust credit risk management has impacted positively and the NPL ratio has declined to 4.05% in 2016 from 6.69% in 2015.

Credit Allocation:

Based on bank's risk appetite and industry performance vis-à-vis risk perception, a credit budget

is prepared on a year to year basis which is reviewed on an on-going basis.

Following graphical presentation depicts credit growth of JBL during last four years:

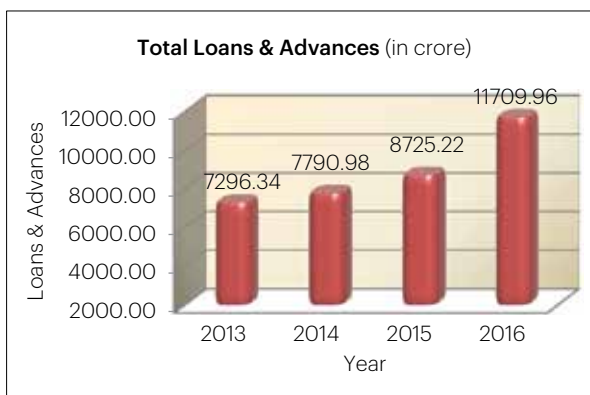

Fig: Credit Growth of Jamuna Bank Limited.

GLOBAL TRADE SERVICES

Facilitating Global Trade is one of the core activities of the bank. Over the last few years, the global trade financing of Jamuna Bank Limited (JBL) has gained a stable expansion. The resilience and dedication of JBL team has been ensuring continued growth of the Bank in line with the rising economy of the country. JBL serves its Global Trade and Foreign Exchange clients through countrywide 112 branches - 21 dedicated Authorised Dealer (AD) branches and 91 other branches supported by centralized Trade Finance Processing Center (TFPC). International Division (Financial Institutions) at Head Office looks after the overall operation of Global Trade and Foreign Exchange Business of the Bank.

Global Correspondent Network & Nostro Relationship

Jamuna Bank Limited always strives to enhance and expand foreign correspondent relationship (RMA) to facilitate global trade business of the Bank. As such, JBL's correspondent network is spread at important financial centers and business hubs all over the world, and has contributed towards expansion of the Bank's foreign trade business. Currently, the Bank is maintaining RMA with top rated 328 foreign banks covering 82 countries at 897 locations. Furthermore, as part of continuous endeavor to expand the correspondent network, International Division has been continuously establishing RMA with banks around the globe as and when required. ID facilitates global trade business through establishing RMA, LC Advising, Confirmation, Discounting/Negotiating

and Collection of Export Bills, Re-discounting, Refinancing, Sourcing of FC funds, FC Term Loan, Bank Guarantee, Trade Payment Settlement, Foreign Exchange Services (e.g. commercial remittances, private remittances, travel expenses, payment of fees for tuition, exam, immigration etc.) and any other banking needs / services.

In order to facilitate the foreign exchange transactions, Jamuna Bank Limited maintains 20 Nostro accounts in the most popular currencies e.g. US Dollar, EURO, Pound Sterling, Japanese Yen, Swiss Franc, Saudi Riyal, etc. with reputable foreign banks at commercially key locations.

The bank maintains substantial credit lines with globally recognized multinational banks and financial institutions for adding confirmation of LCs, re-discounting of bills, refinancing and sourcing of FC fund as and when required.

Export-Import Business

JBL has been showing consistent growth in both its import and export business.

In 2016, Import showed a remarkable increase to USD 1121.53 million registering a growth of 25.41% as compared to USD 894.32 million in 2015. Except Food and Essential items, Pharmaceutical raw materials and Newspaper paper, import of all other items increased. Import of Edible Oil, Sugar, Raw Cotton, Fabrics, Mobile Accessories, Scrape Vessel etc. grew significantly.

Aggregate exports increased by 11.43% in 2016 to USD 952.79 million from USD 855.06 million in 2015. Readymade garments continued to occupy an overwhelming share of the bank's export basket. Jute Yarn, Pet Bottle, Leather (crust & finished), Spare Parts for vessel, Agro-processed products etc. contributed towards improving the Bank's performance in the export sector.

Confirmation & Discounting of LCs are vital to the Bank's Foreign Exchange business. In 2016, International Division has arranged 19.63% more Confirmation & Discounting of LCs from Correspondent Banks than

that of previous year. Confirmation & Discounting of LCs arranged this year through our Correspondents and OBU was USD 348.37 million which is 51% of our total Cash & Deferred Payment LCs. We have arranged credit line from Asian Development Bank (ADB) that has enabled us to route confirmed LCs to almost any bank.

Centralization of Global Trade Finance

The centralization of our trade services is one step forward to the bank's commitment to create true customer's value and provide seamless services to its customers as well as to strengthen our compliance culture. Presently, Trade Finance Processing Center (TFPC) processes and manages the foreign trade business of non-AD branches centrally in such a way that the branches and their customers do not feel any remoteness. All statements are generated centrally to comply with the compliance of internal and external authorities. Our TFPC is equipped with a talented and experienced team and performing in a cost effective and environment friendly way by reducing use of time, resources and labours to achieve its corporate goal.

The business volume of many Non-AD branches has increased robustly with active support of TFPC. In 2016, TFPC's import and export reached to USD 152.48 million and USD 103.09 million registering a growth of 49.29% and 17.07% over 2015 respectively.

Offshore Banking Business by OBU

Jamuna Bank Limited established Offshore Banking Unit (OBU) with a view to catering the banking requirement of non-resident customers both in EPZs and abroad. Over time, it has extended financing facilities to the local customers as well. In 2016, total Loans and Advance of the Bank's OBU, in form of Discounting, Term Loan and LDBP, has been USD 132.21 million. Among them, Export Bills amounting USD 127.05 million has been discounted during the period which is 78.09% higher than that of 2015. The Bank is offering Mid and Long Term financing facilities in Foreign Currency (FCY) at a lower rate of interest to its prime customers through OBU as well.

Off-shore Banking Unit has secured a profit of USD 6.00 million which is 86.92% higher than that of 2015. OBU intends to increase its client-base as well as engage into different derivatives e.g. Options, Factoring, Forfaiting etc.

SWIFT Network

Jamuna Bank Limited joined SWIFT ALLIANCE in 2003, which is recognized globally as the most effective network for fastest, reliable and secured financial transactions worldwide. Currently, the Bank uses web based centralized application, SWIFT Alliance Web Platform (AWP) and all AD branches have access to a wider range of functionalities with uninterrupted, real time communication infrastructure with more than 10,400 Financial Institutions in 200 countries around the world.

International Division looks after all sorts of regulatory reporting related to Global Trade and Foreign Exchange of the Bank. It aims at ensuring compliance and regularity of reporting to central bank and other regulatory bodies. The Bank has installed SWIFT Sanction Screening software with a view to helping the Bank to reduce risks and comply with various local and international Sanctions.

Jamuna Bank Limited adheres to the highest level of integrity, efficiency and caution in providing value added services to its customers, especially in new issues and products in Global Trade Services, thereby creating an ongoing relationship of trust and confidence in all their dealings with the Bank.

ICT SUPPORT

ICT has taken the center stage in almost every aspect of human endeavor. ICT help banks improve the efficiency and effectiveness of services offered to customers, and enhances business processes, managerial decision making, and workgroup collaborations, which strengthens their competitive positions in rapidly changing and emerging economies.

Since starting of Jamuna bank in the year 2001, ICT Division is working on the Automation of Jamuna Bank Limited. From the commencement of the Banking operation, JBL started automated banking from our first branch at Mohakhali, Dhaka. Now at the end of year - 2016 the total No. of branch stands at 112 and all these branches are fully automated and under online operation along with several services.

During this long period of journey, ICT Division contributed a significant role and setting up milestone for the automation of the Bank. At present, our Bank has Online CBS and Different Value Added Services (VAS) like SWIFT, ATM Operation, National Payment Switch, VISA Card, Mobile Financial Service (MFS), SMS Banking, Internet Banking service, BACH &

EFTN, Trade Finance Processing Center (TFPC), RTGS & different types of utility bill collection like WASA, DPDC, Bkash etc. in highly secured manner.

The ICT Division also Maintain and Monitor different level of ICT Security in compliance with ICT Security Policy. We have implemented Fall Back and Business Continuity plan for all branches to ensure safety and security of ICT operation and to ensure uninterrupted customer Service.

In the year 2016, we have achieved milestone by implementing and setting up 10 new Branches and 24 new ATM, Bkash Agent bill Collection, "SureCash" Mobile Banking, School Banking, RTGS, Email for all employees, eDoc (Electronic document management solution), E-Leave for bank employees, E-Remit (Centralized Remittance Management Solution), upgrading network infrastructure, "FloraBank" (core banking software) version upgrade, Access Control in HO/Branch and bring all branch/ATM under CCTV surveillance.

At present, we are working to make Jamuna Bank's IT capability compared to be one of the best in the banking industry of Bangladesh by taking more steps to adopt new technology and services for automation of the Bank in the years to come.

BANKING OPERATION

To manage overall operational activities of the Bank having 112 (One hundred twelve) Branches, the Banking Operation Division works like as a bridge between Central Bank & Branches for implementation of its relevant rules, policies & procedures by circulating instruction time to time. Its functions are broadly related to regulations for compliance under various provisions of Bank Company Act.

This Division has a pivotal role such as establishment of new branch, collection booth, ATM booth, Relocation of Branches, managing Evening Banking and operations of branch and issuance of guidelines for smooth functioning of the Bank. The Division searches & surveys various areas for potential business with opportunity of economic activities. Therefore it does the feasibility report for expanding branch network also relocation of the existing branches. In this respect in the year 2016 the Division has surveyed total 50 (fifty) different locations throughout the country and 10 (ten) new branches have been opened.

The Division has the responsibility to make arrangement for execution of MOU with various institutions like DPDC, DESCO, PDB, WASA etc. The

division has arranged to execute MOU with bKash (a popular money distributor/transferor agency all over the country) as our Bank's privileged customer. These are the opportunities for our Bank to collect huge low cost deposit by opening such institutional accounts. The division also makes arrangement for collection of Hajj deposits through execution of MoU with Sonali Bank Ltd. & Hajj Agencies' Association of Bangladesh (HAAB) having approval from Ministry of Religious Affairs to facilitate Hajj Pilgrims.

The Division plays & will play the key role for execution of the following tasks:

- Online collection of various utility bills.
- Centralization of the account opening process.
- School Banking & Student Banking Activities through MFS.
- Implementation of NID verification through Election Commission.
- Call Center establishment for the Bank.

The role played by the Banking Operations Division is important in the context that it implements operational policies, procedures and ensures compliance of the same. Banking Operations Division provides guidance to the branches enabling them to provide quick and error free customer services and thus maintains standard of services. As a part of Banking Operation Division, a "Customer Service & Complaint Management Cell" has been structured. To become trustworthy to the customers, to protect interest of the customers as well as strengthen Banker-Customer relationship are the mottos of establishing the Cell. In the year 2016 we have arranged Customer Satisfaction Survey among the customers of our 10 Branches and outcome of which is very positive. In addition necessary remedial measures/ corrective steps have been suggested to the branches for solving the various complaint/trouble of the customers. Details are as under:

In The Year	Complaint Received	Complaint Resolved	Resolution %
2016	26	26	100

The Division discharges vital responsibility regarding arrangement of different programs of our Bank. It organizes MANCOM (Meeting of Management Committee), Manager's Conference, Annual Business Conference & Deposit Campaign and minutes of the programs are also prepared & delivered from the division in due time. It also prepares Grading of Branches, Zone-wise Segregation of Branches, reply of Income Tax queries, related circulars and other Business Development programs as and when required by the Management.

INTERNAL CONTROL & COMPLIANCE

Jamuna Bank has established an effective organizational structure to maintain strong internal control culture by properly complying with Bangladesh Bank guidelines and implementing JBL ICC Policy through the resources of the ICC Division. The Division reviews and monitors bank's credit risk, market risk, operational risk and other residual risks to achieve its organizational objectives in the field of reliability of financial reporting, effectiveness and efficiency of operations and compliance with applicable laws, regulations and internal policies.

During the year 2016, inspection teams of Jamuna Bank ICC Division carried out comprehensive inspections on the 102 branches (except 10 new branches opened in December 2016) and 28 divisions/units of Head Office as per approved annual Audit Plan and submitted reports accordingly. Subsequently, required remedial measures/corrective steps have been taken by the branches & divisions against suggestions/observations made in the said reports. Besides, summary of the reports were placed and discussed in the meeting of Audit Committee of the Board. Appropriate actions have also been taken as per decisions of the said Committee for protecting the interest of the Bank and its stakeholders.

Internal Control & Compliance Division (ICCD) of the Bank is comprised of 03 (three) interrelated wings/units, namely i) Audit & Inspection Department, ii) Monitoring Department and iii) Compliance Department.

Audit & Inspection Department:

This department conducts comprehensive/surprise/special inspection on branches and different divisions/units of Head Office in line with the yearly audit plan as approved by the Board of Directors. The division has already chalked out the Audit Plan for the

year 2017 covering all the branches and divisions of the Bank as per ICC guidelines of Bangladesh Bank.

Monitoring Department:

It monitors and reviews the operational performance of various branches like off-site supervision through quarterly operation reports (QORs), loan documentation checklists (LDCs), departmental control function checklists (DCFCLs), etc. as part of their off-site supervision activities. If any major deviation is found, this department recommends the Head of ICCD for sending inspection team to the concerned branch for thorough review. Besides, they prepare Memo for the Audit Committee of the Board and subsequently, communicate their instructions to the branch/division for prompt implementation.

Compliance Department:

The primary responsibility of this department is to ensure full compliance of the regulatory requirements including directives of Bangladesh Bank, National Board of Revenue (NBR), Bangladesh Securities & Exchange Commission (BSEC), Registrar of Joint Stock Companies & Firms (RJSC), Ministry of Finance, etc. having significant impact on the bank's business. Compliance is a continuous process. For this, our control system has been designed in such a way that compliance with all the relevant requirements is maintained in each activity of the Bank. The Board of Directors and the Senior Management of the Bank have developed a high ethical and moral standard to ensure strong compliance culture.

ANTI-MONEY LAUNDERING ACTIVITIES

The world has experienced phenomenal growth of financial services over past years. This globalization has led to increased cross border activities enhancing global financial intermediation. Unfortunately, this development has been accompanied by a spate of transnational organized crime including Money Laundering, Terrorist and Proliferation Financing (ML, TF & PF) perpetuated by underground crimes. Money Laundering, Terrorist and Proliferation Financing affect whole economics and therefore, negatively impacts economy, politics and social development, posing serious other challenges to international peace and security, which could seriously undermine Bangladesh's development & progress as well.

Consequently, concerted global efforts have been made to check these crimes. Financial Institutions in particular have come under sustained regulatory pressure to improve their monitoring and surveillance systems with a view to prevention, detection and responding effectively to the threat of Money Laundering, Terrorist & Proliferation Financing. Like others, Bangladesh Government has also strong commitment to establish a robust AML and CFT regime in the country and BFIU as a central agency of the country has been entrusted to combat Money Laundering, Terrorist and Proliferation Financing.

To deter and prevent ML, TF & PF risk Government of Bangladesh & Central Agency BFIU formulated relevant laws & regulations, issued directives and adopted other policies. Proper "Know Your Customer (KYC)" policy, strong customer Due Diligence (CDD)

systems along-with adequate punitive measures for criminals keep launderers away from the legitimate financial channels.

To comply and monitor the effective implementation of the Bangladesh Financial Intelligence Unit's instruction and guidance notes, Jamuna Bank Limited has prepared a "Money Laundering and Terrorist Financing Risk Management Guideline".

To develop and instill Compliance culture in corporate governance, Bank has involved all its relevant departments/divisions like General Banking, Credit, Trade Finance, Information & Communication Technology, International Division, Alternative Delivery Channels, Internal Audit and Compliance and above all Central Compliance Unit/AML Division. Proper attention has also been given to the size and range of activities, complexity of operations, customer base, use of personal influence, use of technology, diversity of product, delivery channel, external linkage, geographic location and the output of ML & TF risk assessment of the bank.

The compliance program of Jamuna Bank Limited has been developed considering the size and range of activities, variability of situation, nature of operations and degree of ML & TF risk that are probable to be facing by the bank.

- Senior management role including their commitment to prevent ML, TF & PF;
- Internal policies, procedure and controls-including Bank's AML & CFT policy, customer acceptance policy, customer due diligence (CDD), transaction monitoring, Self assessment, independent testing procedure, employee screening, record keeping and reporting to BFIU;
- Compliance structure including establishment of Anti Money Laundering Division (AMLDD)/ central compliance Unit (CCU), appointment of Chief Anti-Money Laundering Compliance Officer (CAMLCO), Deputy Chief Anti-Money Laundering Compliance Officer (DCAMLCO) and Branch Anti-Money Laundering Compliance Officer (BAMLCO);
- Independent audit function- includes the role and responsibilities of internal audit on AML & CFT compliance and external audit function;
- Awareness building program including training, workshop, seminar for bank's employees, member of the Board of Directors, owners and above all for the customers on AML & CFT issues.

- All accounts are opened and to be opened after on-line Screening against UNSCR sanctions/ banned list/OFAC list.
- Enhanced Due Diligence are also followed to maintain PEPs./IPs accounts, Non-face to face Customer's, Correspondent Banking relationship, Cross boarder wire transfer, Intermediary Identification, Non-Profit business and NGO etc. accounts.
- Introduced verification of the authenticity of NID at operation level.
- Record keeping & documentation is to be ensured as per laws of the country.

All these training and workshop conducted with a view to enriching the knowledge of the branches and divisions of Head office, which helped to ensure AML& CFT compliance.

In fact, Jamuna Bank Limited has been giving immense importance on the Compliances for prevention of Money Laundering, Financing of Terrorism & Proliferation and to strengthen the AML and CFT issues.

In this regard, **Mr. A.K.M. Saifuddin Ahamed**, Deputy Managing Director & seasoned Banker has been assigned with the responsibility as CAMLCO of Jamuna Bank. By dint of taking all measures stated above, our Management and Members persistent effort will be helpful to fight against ML and TF threat and make our bank as the best Compliant Bank in the coming days.

ISLAMI BANKING

Islami Banking is a system of financial intermediation that avoids receipt and payment of interest in its all transactions and conducts its operations in accordance with the objectives of Islami Economy. There are four primary objectives of Islami Banking:

1. Islami Banks are expected to provide contemporary financial services in accordance with the laws set forth in the Shariah.
2. Islami Banks strive to be more development oriented as the profit sharing nature of the Islami Banking system establishes a direct relationship between the bank's return and the investment.
3. All businesses /investments must be for the welfare of the people under the light of Islami Shariah. Islami Banks expect to allocate financing to those projects that will benefit to the society as a whole and
4. Islami Banks strive to ensure equitable distribution of income and resources to all the parties to the transaction.

The following elements are also extremely essential for the Islami Banking, which are considered in regular practice of Islami Banking services of Jamuna Bank Ltd.

Islami Banking Branches:

In view of the above and demand of the people of the country, the first Islami Banking Branch of the Bank was opened on October 25, 2003 at Nayabazar in Dhaka. Afterwards, its second branch was opened on November 27, 2004 at Jubilee Road in Chittagong. Subsequently, Jamuna Bank Ltd. has been rendering Islami Banking services through these two (02) Islami Banking Branches and twenty three (23) Al-Ihsan Islami Banking Service Centers linked with the Islami Banking Branches in addition to its conventional banking activities.

The Bank has been rendering Islami Banking services to the customers through these branches adhering to the Islami values and norms. To achieve this goal a Shariah Supervisory Committee has been constituted comprising of renowned Islami scholars of the country and senior bankers having Islami Banking exposure and in depth of knowledge of conventional and Islami Banking. All activities of Islami Banking Branches are carried out under the guidance of this Committee.

Islami Banking Division:

As per Guidelines for Islami Banking issued by Bangladesh Bank, BRPD Circular No.15 dated 09.11.2009 a full-fledged separate Division namely "Islami Banking Division" has also been set up at Head Office. The major functions of the Division are as follows:

1. Framing Islami Banking rules and regulations and ensuring implementation thereof.

2. Arranging meeting of Shariah Supervisory Committee from time to time.
3. Maintaining co-ordination with the Shariah Supervisory Committee and the other Divisions of the Bank.
4. Ensuring the investment against the funds usually received for Islami Banking business are under the modes approved by Islami Shariah.
5. Training up the manpower deployed in the Islami Banking Branches and Islami Banking service centers.
6. Submission of required statements to the Central Bank from time to time.
7. Supervising the Islami Treasury/Financial Administration/ICT Functions.
8. Conducting the Shariah Audit/Inspection activities on the Islami Banking Branches.
9. To maintain co- ordination with the Central Shariah Board for Islami Banks of Bangladesh.
10. Actualization of rates of profit as per principles of Islami Shariah.
11. Issuing circulars/ guidelines, etc. and updating the same as per Islami Shariah from time to time.
12. Complying any other responsibility (ies), as may be assigned from time to time.

MARKETING & DEVELOPMENT

Businesses often organize their sales and marketing operations differently than larger businesses, putting more of an emphasis on sales until they have sufficient capital and staff to elevate the marketing function. Understanding what responsibilities a sales and marketing division will need to handle until you more formally separate these areas will help you maximize your resources to boost your sales and profits.

In its formal usage, marketing serves as the umbrella function that manages advertising, promotions, public relations and sales. Marketing functions include research and development, distribution, sales and communications. In its narrowest form, a sales department advises the marketing department based on its feedback with customers and focuses on customer contact to drive sales. The marketing

department tells the sales staff what to emphasize and what sales tools is use.

Because many small businesses don't have the expertise -- or even need -- to pursue a classical marketing strategy, the sales manager handles marketing duties as part of his responsibilities. The sales division takes the lead in setting strategies and decides what marketing communications it needs to support its efforts.

To acquire substantial increase in customer base for our branches, a Sales Team has been launched in September -2012. At the end of Dec-16, total 39,354 accounts (CD, SND, SB, DPS, and FDR) with booking deposit of 247 cr. were procured from the Sales Channel. The Month wise business -2016, are as follows-

School banking is one type of banking wing towards school going students and their parents to facilitate lower depository obligation, free from operating charges, higher rate of interest on deposit with advanced form of banking transactions.

At present school going children are the future citizen of Bangladesh, so they would be the potential customers of their respective bank. So, for the profit motive banks should encourage students and their parents to go under banking system. Banks can also develop communication with the educational institutions to boost the number of school banking accounts. This may be a social role for the banks to

gather scatter, unproductive money from our society to make social deposit for future. This also helps to develop a savings habit among the young children from their early age. That will be a positive sign for our economic development.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements of the Group and the separate financial statements of the Bank based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSAs). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements of the Group and the separate financial statements of the Bank are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements of the Group and separate financial statements of the Bank. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements of the Group and the separate financial statements of the Bank, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of consolidated financial statements of the Group and separate financial statements of the Bank that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements of the Group and the separate financial statements of the Bank.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group and also separate financial statements of the Bank give a true and fair view of the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2016, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRSs) as explained in note 2.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies Act 1994, Securities, and Exchange Rules 1987, the Bank Companies Act 1991(as amended in the year 2013) and the rules and regulations issued by Bangladesh Bank, we also report that:

- i. we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- ii. to the extent noted during the course of our audit work performed on the basis stated under the Auditors' Responsibility section in forming the above opinion on the consolidated financial statements of the Group and the separate financial statements of the Bank and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the Financial Statements and Internal Control:
 - a) internal audit, internal control and risk management arrangements of the Group and the Bank as disclosed in Notes 2 to the financial statements appeared to be materially adequate; and
 - b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Bank and its related entities other than matters disclosed in these financial statements;
- iii. financial statements of all subsidiaries of the Bank have been audited by other auditors and have been properly reflected in the consolidated financial statements;
- iv. in our opinion, proper books of account as required by law have been kept by the Group and the Bank so far as it appeared from our examination of those books;
- v. the consolidated balance sheet and consolidated profit and loss account of the Group and the separate balance sheet and separate profit and loss account of the Bank together with the annexed notes dealt with by the report are in agreement with the books of account;
- vi. the expenditure incurred was for the purpose of the Bank's business;
- vii. the consolidated financial statements of the Group and the separate financial statements of the Bank have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- viii. adequate provisions have been made for advances and other assets which are, in our opinion, doubtful of recovery;
- ix. the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- x. the information and explanations required by us have been received and found satisfactory;
- xi. we have reviewed over 80% of the risk weighted assets of the Bank and we have spent around 6,263 person hours for the audit of the books and accounts of the Bank.

2.00 Basis of preparation of the financial statements

2.01 Statement of compliance

2.01.1 Departures from BFRS

The financial statements of the Bank are prepared on a going concern basis under historical cost convention and in accordance with First Schedule (Sec-38) of the Bank Companies Act, 1991, as amended by Bangladesh Bank (Central Bank) vide BRPD Circular No. 14 dated 25 June 2003, other circulars of Bangladesh Bank, Bangladesh Accounting Standards (BAS), the Companies Act, 1994, the Listing Rules of the Stock Exchange, the Securities and Exchange Rule 1987 and other laws and regulations applicable in Bangladesh. In case any requirement of provisions and circulars issued by Bangladesh Bank differs with those of other regulatory authorities, the provisions and circulars issued by Bangladesh Bank shall prevail.

As such the Group and the Bank have departed from those contradictory requirements of BFRSs in order to comply with the rules and regulations of Bangladesh Bank which are disclosed below:

i) Investment in shares and securities

BFRS: As per requirements of BAS 39 investment in shares and securities generally falls either under “at fair value through profit and loss account” or under “available for sale” where any change in the fair value (as measured in accordance with BFRS 13) at the year-end is taken to profit and loss account or revaluation reserve respectively.

Bangladesh Bank: As per BRPD circular no. 14 dated 25 June 2003 investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. Provision should be made for any loss arising from diminution in value of investment; otherwise investments are recognized at costs.

ii) Revaluation gain/loss on Government securities

BFRS: As per requirement of BAS 39 where securities T-bills and T-bonds will fall under the category of “held for trading”, any change in the fair value of held for trading assets is recognized through profit and loss account.

Securities T-bills designated as held to maturity are measured at amortized cost method and interest income is recognized through the profit & loss account.

Bangladesh Bank: HFT securities are revalued on the basis of mark to market and at year end any gains on revaluation of securities which have not matured as at the balance sheet date are recognized in other reserves as a part of equity and any losses on revaluation of securities which have not matured as at the balance sheet date are charged in the profit and loss account. Interest on HFT securities including amortization of discount are recognized in the profit and loss account. HTM securities which have not matured as at the balance sheet date are amortized at the year end and gains or losses on amortization are recognized in other reserve as a part of equity.

iii) Provision on loans and advances

BFRS: As per BAS 39 an entity should start the impairment assessment by considering whether objective evidence of impairment exists for financial assets that are individually significant. For financial assets are not individually significant, the assessment can be performed on an individual or collective (portfolio) basis.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, BRPD circular no. 19 dated 27 December 2012 and BRPD circular no. 05 dated 29 May 2013 a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained regardless of objective evidence of impairment. Also provision for sub-standard loan, doubtful loans and bad losses has to be provided at 20%, 50% and 100% respectively for loans and advances depending on the duration of overdue. Again as per BRPD circular no. 10 dated 18 September 2007, a general provision at 1% is required to be provided for all off-balance sheet exposures. Such provision policies are not specifically in line with those prescribed by BAS 39.

iv) Recognition of interest in suspense

BFRS: Loans and advances to customers are generally classified as 'loans and receivables' as per BAS 39 and interest income is recognized through effective interest rate method over the term of the loan. Once a loan is impaired, interest income is recognized in profit and loss account on the same basis based on revised carrying amount.

Bangladesh Bank: As per BRPD circular no. 14 dated 23 September 2012, once a loan is classified, interest on such loans are not allowed to be recognized as income, rather the corresponding amount needs to be credited to an interest in suspense account, which is presented as liability in the balance sheet.

v) Other comprehensive income

BFRS: As per BAS 1 Other Comprehensive Income is a component of financial statements or the elements of Other Comprehensive Income are to be included in a Single Comprehensive Income (OCI) Statement.

Bangladesh Bank: Bangladesh Bank has issued templates for financial statements which will strictly be followed by all banks. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income nor are the elements of Other Comprehensive Income allowed to include in a Single Comprehensive Income (OCI) Statement. As such the company does not prepare the other comprehensive income statement. However elements of OCI, if any, are shown in the statements of changes in equity.

vi) Provision for Gratuity

BFRS: As per BAS 19, actuarial valuation has to be carried out with sufficient regularity to ensure that the provision for gratuity is accounted for fairly. Moreover, provision has to be maintained for gratuity for all of its employees from their date of joining.

Bangladesh Bank: The company has a policy to pay gratuity on the basis of last basic pay and is payable at the rate of two months basic pay for every completed year of service upon fulfilling the eligibility criteria. The eligibility criteria of accounting for gratuity is 6 (six) years of continued service with the Bank or a period of 3 (three) years with any other Bank and 3 (three) years with Jamuna Bank Limited. The Bank management has accounted for gratuity using this system instead of accounting for gratuity from the year of joining as per BAS 19.

vii) Financial instruments – presentation and disclosure

In several cases Bangladesh Bank guidelines categorize, recognize, measure and present financial instruments differently from those prescribed in BAS 39. As such some disclosure and presentation requirements of BFRS 7 and BAS 32 cannot be made in the accounts.

viii) Repo transactions

BFRS: When an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a deposit, and the underlying asset continues to be recognized in the entity's financial statements. This transaction will be treated as loan and the difference between selling price and repurchase price will be treated as interest expense.

Bangladesh Bank: As per BRPD guidelines, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (repo or stock lending), the arrangement is accounted for as a normal sales transactions and the financial assets are derecognized in the seller's book and recognized in the buyer's book.

ix) Financial guarantees

BFRS: As per BAS 39, financial guarantees are contracts that require an entity to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument. Financial guarantee liabilities are recognized initially at their fair value, and the initial fair value is amortized over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this

amortized amount and the present value of any expected payment when a payment under the guarantee has become probable. Financial guarantees are included within other liabilities.

Bangladesh Bank: As per BRPD 14, financial guarantees such as L/C, L/G will be treated as Off-Balance Sheet items. No liability is recognized for the guarantee except the cash margin.

Bangladesh Bank: As per BRPD 14, off balance sheet items (e.g. Letter of credit, Letter of guarantee etc.) must be disclosed separately in face of balance sheet.

xvi) Disclosure of appropriation of profit

BFRS: There is no requirement to show appropriation of profit in the face of statement of comprehensive income.

Bangladesh Bank: As per BRPD 14, an appropriation of profit should be disclosed in the face of profit and loss account.

xvii) Loans and advance (net of provision)

BFRS: Loans and advances should be presented net of provisions.

Bangladesh Bank: As per BRPD 14, provision on loans and advances are presented separately as liability and cannot be netted off against loans and advances.

The financial statements of the Islamic banking branches have also been prepared as per Bank Companies Act 1991, BFRSs and other prevailing laws and regulations applicable in Bangladesh.

xviii) Provision of rebate for good borrower

BRPD Circular Letter No. 03 dated 16 February 2016 was issued by the Bangladesh Bank which instructed Banks to provide 10% rebate on the interest collected from good borrowers as defined in BRPD Circular No. 06 dated 19 March 2015, subject to some qualifying criteria. The aforementioned circular goes on to clarify that such rebate may be availed to the good borrowers. During the year 2016, Tk.50.00 lac kept as provision for good borrower by the Bank.

xix) Provision for climate risk fund

GBCSRD Circular No. 04 dated 9 July 2015 was issued by Bangladesh Bank which instructed Banks to maintain a climate fund of 10% of the CSR budget. During the year ended 31 December 2016, the bank kept provision inline with the circular.

2.01.2 The Bank's compliance with related pronouncements by Bangladesh Bank:

i) Internal control

The objective of internal control is to ensure that management has reasonable assurance that (i) operations are effective, efficient and aligned with strategy, (ii) financial reporting and management information is reliable, complete and timely accessible, (iii) the entity is in compliance with applicable Laws and Regulations as well as its internal policies and ethical values including sustainability, and (iv) assets of the company are safeguarded and frauds, forgeries & errors are prevented or detected.

Jamuna Bank has established an effective internal control system whose primary aim is to ensure the overall control of risks and provide reasonable assurance that the objectives set by the Bank will be met. It has designed to develop a high level risk culture among the personnel of the Bank, establish efficient and qualified operating model of the Bank, ensure reliability of internal and external information including accounting and financial information, secure the Bank's operations and assets, and comply with laws, regulatory requirements and internal policies.

The Board of Directors of Jamuna Bank, through its Audit Committee, periodically reviews the effectiveness of Bank's internal control system covering all the material controls, including financial, operational and compliance controls, risk management systems, the adequacy of resources, qualifications and experience of staff of the accounting and financial reporting function, training programs, budget, etc. The Board Audit Committee reviews the actions taken on internal control issues identified by the Internal & External Auditors and Regulatory Authorities. It has active oversight on the internal audit's independence, scope of work and resources and it also reviews the functions of Internal Control & Compliance Division of Head Office, particularly the scope of the annual audit plan and frequency of the internal audit activities.

During the year 2016, ICCD conducted inspection on most of the Branches/ Divisions of Head Office of the Bank and submitted reports presenting the findings of the audits/ inspections. The bank conducted the risk grading of branches as per Bangladesh Bank guideline. The ICCD plan and perform the audit accordingly. Necessary control measures and corrective actions have been taken on the suggestions or observations made in these reports. The reports or key points of the Reports have also been discussed in the meetings of the Audit Committee of the Board and necessary steps have been taken according to the decision of the said Committee for correct functioning of Internal Control & Compliance.

ii) Internal audit

Internal Audit is the continuous and systematic process of examining and reporting on the activities of an organization undertaken by the specially assigned officers. Internal Auditor works as the Eyes & Ears of the Management.

Internal Audit Mechanism is used as an important element to ensure good governance of JBL. Internal Audit Activity of JBL is effective and it provides Senior Management with a number of important services. These include detecting and preventing fraud, testing internal control, Monitoring and compliance with own policies & procedures, applicable rules & regulations, instructions/guidelines of Regulatory Authority etc. Our team carry out Comprehensive inspection, Special inspection & Surprise inspection and investigation, etc. in order to help avoiding any fraudulent activities which in turn would strengthen the bank to set up sound structural base.

iii) Fraud and forgeries

Fraud can happen anywhere. Though, only relatively few major frauds are picked up by the media, huge sums are lost by all kinds of businesses against large number of frauds. The risks of fraud is increasing day by day as a result of growing globalization, more competitive markets, rapid developments in technology, periods of economic difficulty, etc. Banks by virtue of the nature of activities undertaken and its operating environment are vulnerable to frauds, which takes place when aggressive business strategy and process for quick growth is adopted without adequate/ appropriate internal controls or non-adhering to operating standards/ controls. In the recent past, incidence of frauds in the Banking industry has increased to some extent, which calls for concerted steps in investigating the frauds and identifying the fraudsters for eventual criminal prosecution and internal punitive action.

It will never be possible to eliminate all frauds and no system is completely fraud proof, since many fraudsters are able to bypass control systems put in place. JBL pays attention on anti-fraud internal controls for prevention of fraud and forgery. JBL assesses /evaluates the effectiveness of its Anti-Fraud Internal Control measures on quarterly basis as per the items/ areas mentioned in the prescribed checklist of Bangladesh Bank.

iv) Risk management

The risky nature of Banking business has caused the Central Bank to be much concerned about the risk factors affecting the financial position of the banks. In this connection every Central Bank has come forward to establish a general framework to defeat risk factors considering the laws of the land. Bangladesh bank has also undertaken an overall core-risk management project under which every bank is bounded to the authoritative covenants to install risk management system.

Jamuna Bank Limited has established approved policies in compliance with Central bank's guidelines covering major areas such as (a) Credit risk management (b) Foreign exchange risk management (c) Asset liability management (d) Money laundering risk (e) Internal control & compliance (f) Information and communication technology security risk.

Jamuna Bank Limited has adopted Risk Management Guidelines formulated by Bangladesh Bank. The purpose of the guidelines is to inform management about the loopholes of full fledged implementation of Core risks management, improve risk management culture, restructure minimum standards and assist in the ongoing improvement.

In compliance with the requirements of Bangladesh Bank guidelines, Risk Management Division monthly prepare Risk Management Paper (RMP) and the paper is reviewed in the meeting of Risk Management Committee to have their opinion/decision on the issues identified in RMP.

3.02.4 Property, plant and equipment and their depreciation

Recognition and measurement

Items of fixed assets excluding land are measured at cost/revaluation less accumulated depreciation and accumulated impairment losses, if any. Land is measured at cost/revaluation.

Cost includes expenditure that are directly attributable to the acquisition of asset and bringing to the location and condition necessary for it to be capable of operating in the intended manner.

When parts of an item of fixed asset have different useful lives, they are accounted for as separate items (major components) of fixed assets.

The gain or loss on disposal of an item of fixed asset is determined by comparing the proceeds from disposal with the carrying amount of the item of fixed asset, and is recognized in other income/other expenses in profit or loss.

Property, Plant and Equipment are recognized as assets in accordance with Bangladesh Accounting Standards (BAS) 16 "Property Plant and Equipment".

Subsequent costs

The cost of replacing a component of an item of fixed assets is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of fixed assets are recognized in profit or loss as incurred.

Depreciation

During the period under audit, depreciation is charged at the following annual rates on straight-line method on all fixed assets except land. Depreciation has been charged on addition during the period when respective assets put into use and in case of sale, up to the date of sale.

<u>Name of the assets</u>	<u>Rate of depreciation</u>

Furniture & fixture	10%
Office equipment	15%
Motor vehicle	20%
Books	20%

3.02.5 Other Assets

Other assets include all balance sheet accounts not covered specifically in other areas of the supervisory activity and such accounts may be quite insignificant in the overall financial condition of the Bank.

3.02.6 Non-banking assets

Non-banking assets are acquired on account of the failure of a borrower to repay the loan on time after receiving the decree from the Court regarding the right and title of the mortgage property. The Bank has been awarded ownership of the mortgage properties according to the verdict of the Honorable Court in accordance with the section 33 (7) of "Artharin Adalat-2003". The value of Non-Banking Assets has been determined and reported in the financial statements on the basis of valuation report of an Independent valuer.

3.03 Liabilities and basis of their valuation

3.03.1 Deposits and other accounts

Deposits by customers and banks are recognized when the bank enters into contractual provisions of the arrangements with the counter parties, which is generally on trade date, and initially measured at the consideration received.

3.03.2 Other liabilities

Other liabilities comprise items such as provision for loans and advances/investments, provision for taxation, interest payable, interest suspense, accrued expenses, obligation under finance lease etc. Other liabilities are recognised in the balance sheet according to the guidelines of Bangladesh Bank, Income Tax Ordinance 1984 and internal policy of the Bank.

3.03.2 Provision for liabilities

A provision is recognized in the balance sheet when the bank has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefit will be required to settle the obligations, in accordance with the BAS - 37 "Provisions, Contingent Liabilities and Contingent Assets".

3.03.3 Share Capital

Ordinary shares are classified as equity when there is no contractual obligation to transfer cash or other financial assets.

3.03.4 Authorised Capital

Authorised capital is the maximum amount of share capital that the Bank is authorised by its Memorandum and Articles of Association.

3.03.5 Paid up Capital

Paid up capital represents total amount of shareholders' capital that has been paid in full by the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders' meetings. In the event of a winding-up of the Bank, ordinary shareholders are ranked after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

3.04 Minority interest in subsidiaries

Minority interest in business is an accounting concept that refers to the portion of a subsidiary corporation's stock that is not owned by the parent corporation. The magnitude of the minority interest in the subsidiary company is always less than 50% of the outstanding shares, else the corporation would cease to be a subsidiary of the parent. Minority interest is reported on the consolidated income statement as a share of profit belonging to minority shareholders.

3.05 Statutory reserve

The Bank Companies Act, 1991 requires the bank to transfer 20% of its current year's profit before tax to reserve until such reserve equals to its paid up capital. The Bank transferred 20% of its profit before tax for the year 2016 to statutory reserve account.

3.06 Contingent liabilities, commitments and other off-balance sheet settlements

A contingent liability is -

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Bank; or

A present obligation that arises from past events but it is not recognized because:

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are not recognized but disclosed in the financial statements unless the possibility of an outflow of resources embodying economic benefits is reliably estimated.

3.07 Revenue recognition

The revenue during the period under audit is recognized satisfying the conditions as specified in Bangladesh Accounting Standards (BAS) 18 "Revenue Recognition". Details are as under:

3.07.1 Interest/profit income

- i. Interest is calculated on daily product on unclassified loans and advances but charged on quarterly and monthly basis, where applicable.

- iii. Commission and discounts on bills purchased and discounted are recognized at the time of realization.
- iv. For Islamic Banking, profit is charged on unclassified investments on daily product basis and charged to the clients on quarterly and monthly basis, where applicable.
- v. Islamic Banking branches calculate profit on classified investments and credits the same to profit suspense account until realization.

3.07.2 Fees, commission and discounts income

Fees, commission and discounts on bills purchased and discounted are recognized at the time of realization.

3.07.3 Investment income

Interest income on investments is recognized on accrual basis. Capital gain on investments in shares is also included in investment income. Capital gain is recognized when it is realized.

3.08 Interest/profit paid and other expenses

In terms of the provisions of BAS-1 "Presentation of Financial Statements" interest/profit and other expenses are recognized on accrual basis.

3.09 Taxation

a) Current tax

Provision for current tax has been made @ 40% as prescribed in the Finance Act, 2016 of the profit made by the Bank considering major taxable allowances and disallowances.

b) Deferred tax

Deferred tax is calculated on the taxable/deductible temporary differences between tax base amount and carrying amount of assets and liabilities as required by Bangladesh Accounting Standard (BAS)-12 "Income Taxes".

Deferred tax normally results in a liability being recognized within the Statement of Financial Position. Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences, unused tax losses or unused tax credits can be utilized. Such assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the company intends to settle its current tax assets and liabilities on a net basis.

3.15 Risk management

In banking organization, risk is the possibility that outcome of an action or event could bring up adverse impact. Such outcome could either result in a direct loss of earnings/capital or may result in imposition of constraints on banks' ability to meet their business objectives. Risk is the outcome of losses due to sudden downturn in economy or falling interest rates. Banks have to rely on their capital as a buffer to absorb such losses. The types and degree of risks an organization may be exposed depend upon a number of factors such as its size, complexity business activities, volume etc. Initially Bangladesh Bank has issued guidelines on six core risk areas and accordingly scheduled banks operating in Bangladesh has implemented the guidelines for better risk management practice. Implementation of core risk management guidelines by Jamuna Bank Limited (JBL) and its status are discussed below.

3.15.1 Credit risk management

Credit risk arises while the borrowers or counterparty to a financial transaction fails to discharge an obligation as per agreed covenants, resulting in financial loss to the Bank. Credit exposures may arise from both the banking and trading books as well as Off-Balance sheet exposures. Credit risk is managed in the JBL through a framework that spell out policies and procedures covering the measurement and management of credit risk. There is a clear segregation of duties between transaction originators in the businesses and approvers in the Risk function. All credit exposure limits are approved within a defined credit approval authority framework. Credit policies and standards are considered and approved by the Board of Directors.

Credit rating and measurement

Risk measurement plays a central role, along with judgment and experience, in informing risk taking and portfolio management decisions. It is a primary area for sustained investment and senior management attention. The standard credit risk grading (CRG) system is used in both Corporate and SME Banking. The grading is used to assess the client along with a range of quantitative and qualitative factors. Our credit grades against Corporate & Medium clients are supported by external credit grades, and ratings assigned by external ratings agencies.

Credit approval

Major credit exposures to individual borrowers, groups of connected counterparties and portfolios of retail exposures are reviewed by the Head Office Credit Committee (HOCC) and HOCC recommend the loan to the approval authority. All credit approval authorities are delegated by the Board of Directors to executives based on their capability, experience & business acumen. Credit origination and approval roles are segregated in all cases.

Credit monitoring

We regularly monitor credit exposures, portfolio performance, and external trends through relationship and corporate administration team at Branch and Head Office. Internal risk management reports containing information on key environmental, political and economic trends across major portfolios; portfolio delinquency and loan impairment performance; as well as credit grade migration are presented to risk committees (HOCC and PAMC). The HOCC & PAMC meets regularly to assess the impact of external events and trends on the credit risk portfolio and to define and implement our response in terms of appropriate changes to portfolio shape, underwriting standards, risk policy and procedures. Accounts

or portfolios are placed on Early Alert (EA) when they display signs of weakness or financial deterioration, for example, where there is a decline in the customer's position within the industry, a breach of covenants, non-performance of an obligation, or there are issues relating to ownership or management.

Such accounts and portfolios are subjected to a dedicated process overseen by the Monitoring & Recovery Division. Account plans are re-evaluated and remedial actions are agreed and monitored. Remedial actions include, but are not limited to, exposure reduction, security enhancement, exiting the account or immediate movement of the account into the control of Recovery unit. In Retail/Consumer Banking, portfolio delinquency trends are monitored continuously at a detailed level. Individual customer behavior is also tracked and informed in lending decisions. Accounts which are past due are subject to a collections process, monitored in collaboration with the Relationship manager by the Risk function. Charged-off accounts of the Bank are managed by specialist recovery teams.

Concentration risk

Credit concentration risk is managed within concentration caps set for counterparty or groups of connected counterparty, for industry sector; and for product. Additional targets are set and monitored for concentrations by credit committee. Credit concentrations are monitored by the responsible risk committees in each of the businesses and concentration limits that are material to the Bank are reviewed and approved at least annually by the Board of Directors.

Credit risk mitigation

Potential credit losses from any given account, customer or portfolio are mitigated using a range of tools such as collateral, netting agreements, insurance, and other guarantees. The reliance that can be placed on these mitigates is carefully assessed in light of issues such as legal certainty and enforceability, market valuation correlation and counterparty risk of the guarantor. Risk mitigation policies determine the eligibility of collateral types. Collateral types which are eligible for risk mitigation include: cash; residential, commercial and industrial property; fixed assets such as motor vehicles, plant and machinery; marketable securities; commodities; bank guarantees; and letters of credit. Collateral is valued in accordance with our credit policy, which prescribes the frequency of valuation for different collateral types, based on the level of price volatility of each type of collateral. Collateral held against impaired loans is maintained at fair value.

3.15.2 Foreign exchange risk

Foreign exchange risk is the risk that an investment's value changing due to changes in currency exchange rates. The risk that an investor will have to close out a long or short position in a foreign currency at a loss due to an adverse movement in exchange rates. The risk is most acute for businesses that deal in more than one currency. However, other businesses are indirectly exposed to foreign exchange risk if, for example, their business relies on imported products and services.

Foreign exchange risk should be managed where fluctuations in exchange rates impact the business profitability.

Sources of foreign exchange risk:

Foreign exchange risk for a business may arise from a number of sources, including:

- where the business is related to imports or exports
- where other costs, such as capital expenditure, are denominated in foreign currency
- where export bill is received in foreign currency
- where other income, such as royalties, interest, dividends etc, is received in foreign currency
- where the loans are denominated (and therefore payable) in foreign currency
- where the business has offshore assets such as operations or subsidiaries that are valued in a foreign currency, or foreign currency deposits.

Methods of measuring foreign exchange risk:

There are many ways to measure foreign exchange risk, ranging from simple to complex measures. Following are some of the examples of the simpler measures which can be applied and understood by most businesses :

- MIS of foreign currency exposures
- Table of projected foreign currency cash-flows
- Sensitivity analysis
- Value at risk

Like other banks and financial institutions, Jamuna Bank Ltd. is also exposed to Foreign Exchange Risk that sprouts externally due to convergence and divergence of many factors in the international market. The foreign exchange business of the bank, fully backed by the underlying transactions, is well-managed as per Bank's internal risk management policies and guidelines and the guidelines of Bangladesh Bank (Central Bank of Bangladesh) . The Asset Liability Management Committee (ALCO) of the bank, headed by the Managing Director & CEO, reviews the risk management position of the bank on regular intervals and provides insights and guidelines to the Treasury Division to manage the foreign exchange risk of the Bank with minimum financial impact.

3.15.3 Asset Liability Management Risk

The Bank has established an Asset Liability Committee (ALCO) contains 10 (ten) members headed by Managing Director. The committee meets at least once in every month. The main responsibilities of ALCO are to look after the Financial Market activities, manage liquidity and interest rate risk, understand the market position and competition etc. The Asset Liability Management Committee also monitored the balance sheet risk. The balance sheet risk is defined as potential changes in earnings due to change in rate of interest and exchange earnings which are not of trading nature. To support ALM process, the most important strategy of the ALM of the Bank is medium to short-term funding and adequate liquidity both in local and foreign currency all time at the most appropriate funding cost. An important objective of ALCO is to provide cost effective funding to finance the asset growth and trade related transactions, optimize the funding cost, increase spread with the lowest possible liquidity, maturity, foreign exchange and interest rate risks.

3.15.4 Internal control and compliance risk:

Internal controls are the policies and procedures established and implemented alone, or in concert with other policies or procedures, to manage and control a particular risk or business activity, or combination of risks or business activities, to which the Bank is exposed to or in which it is engaged.

Objective of internal control:

The primary objective of internal control system in a bank is to help the bank perform better through the use of its resources. Through internal control system bank identifies its weaknesses and takes appropriate measures to overcome the same. The main objectives of internal control are as follows :

- Efficiency and effectiveness of activities (performance objectives)
- Reliability, completeness and timelines of financial and management information (information objectives)
- Compliance with applicable laws and regulations (compliance objectives), Risk Recognition and Assessment:
- Internal control system has been designed in such a way to recognize and assess all of the material risks that could adversely affect the achievement of the Bank's goals.
- Effective risk assessments identify and consider both internal and external factors.
- Risk assessment by Internal Control System differs from the business risk management process which typically focuses more on the review of business strategies developed to maximize the risk/reward trade-off within the different areas of the Bank. The risk assessment by Internal Control focuses more on compliance with regulatory requirements, social, ethical and environmental risks those affect the banking industry.

3.15.5 Money laundering risk:

Money Laundering Risk is one of the 6(six) core risk elements in banking business. Money Laundering Risk is defined as reputational and legal risk under operational risk and expenses incurred as penalty for being non-complied in prevention of money laundering. In order to manage the AML risk, the bank has set up an effective Anti-Money Laundering programme in line with Anti-Money Laundering Act, 2012 and Bangladesh Bank guidance which has been updated through inclusion of Anti-Terrorist Act, 2012. The Bank has developed manuals for prevention of money laundering and introduced know Your Customer (KYC) program and Transaction Profile (TP) including uniform A/c opening form at branch level for meticulous compliance. The Bank recognizes this risk as a separate classification emphasizing due importance for being compliant on it by way of making conversant of all Executives/Officers through issuing Circulars and providing necessary training of AML and CFT issues by AML Division of the Bank.

Designation of anti money laundering compliance officers (AMLCO):

The Bank has designated a Chief Anti-Money Laundering Compliance Officer (CAMLCO) at its Head Office who is empowered with sufficient authority to implement and enforce anti-money laundering policies, procedures and measures and who reports directly to Senior Management and the Board of Directors. This provides evidence of Senior Management's commitment to efforts to combat money laundering and terrorist financing and more importantly, provides added assurance that the officers have sufficient clout to investigate potentially suspicious activities.

3.15.6 Information communication technology risk

In the year 2016 Bank has taken different initiatives to minimize ICT risks. Throughout the year Bank has initiated different projects considering Risk Management into consideration.

In the year 2012, the ICT Policy of the Bank was revised and amended to cope up with the recent ICT trends and risks. IT Audit Team performed comprehensive IT Audit on different aspects of IT for the Data Centre, Disaster Recovery Site and also for branches. The audit recommendations and suggestions were considered and accordingly steps were taken to minimize associated ICT Risks.

Bank has arranged awareness programs and trainings on the field of ICT Risk and its mitigation for both business and technical human resources, from top management to the trainee officers. The idea behind this practice was to increase average ICT knowledge of the Bank through which probability of occurrence of policy noncompliance in the Bank will be minimized. A special session on ICT Risk Management was organized by Information Technology Division of the Bank.

Bank has amended its Risk Management Policy as per the standard Risk Management frameworks, which has been approved by the Board of Directors of the Bank. Practice of this Risk Management Policy has already been started in the organization in ICT fields in the vision of minimizing the ICT Risks.

Fault tolerant hardware along with high availability infrastructure was considered during procurement of different hardware for commenced Projects of 2013. This will ensure hardware failure risks to minimize.

The pursuit to control ICT risks was repeated throughout the year. This endeavor will further continue in the year 2016.

3.15.7 Interest rate risk

Interest rate risk may arise either from trading portfolio or non-trading portfolio. The trading portfolio of the Bank consists of Government treasury bills of 28 days maturity. The short-term movement in interest rate is negligible or nil. Interest rate risk of non-trading business arises from mismatches between the future yield of an asset and its funding cost. Asset Liability Committee (ALCO) monitors the interest rate movement on a regular basis.

3.15.8 Equity risk

Equity risk arises from movement in market value of equities held. The risks are monitored by Investment Committee under a well designed policy framework. The market value of equities held was, however, lower than the cost price at the balance sheet date.

3.15.9 Operational Risk

Operational risk may arise from error and fraud due to lack of internal control and compliance. Management through Internal Control and Compliance Division controls operational procedure of the Bank. Internal Control and Compliance Division undertakes periodical and special audit of the branches and divisions at the Head Office for review of the operation and compliance of statutory requirements. The Audit Committee of the Board subsequently reviews the reports of the Internal Control and Compliance Division.

3.15.10 Risk Management Committee Disclosures

The Board of Directors constituted with the following members of the Risk Management Committee of the Board, the third Committee of the Board besides the Executive Committee and the Audit Committee in accordance with Bank Company (Amendment) Act 2013 and it does comply with the BRPD Circular no. 11, dated October 27, 2013.

50 Highlights on the overall activities of the bank

Highlights on the overall activities of the bank have been furnished in annexure-E.

51. Workers Participation Fund and Welfare Fund

SRO-336-AIN/2010 dated 5-10-2010 issued by the Ministry of Labour and Employment and published in Bangladesh gazette on 07-10-2010 declaring the status of business of certain institutions and companies (like mobile operating companies, mobile network service providing company, all Govt. and Non-Govt, money lending companies, all insurance companies etc.) as "Industrial Undertakings" for the purpose of Chapter-xv of the Bangladesh Labor Act, 2006 which deals with the workers participation in company's profit by way of Workers Participation Fund and Welfare Fund (WPFWF). The Bangladesh Labor Act, 2006 requires the "Industrial Undertakings" to maintain provision for workers profit participation fund @5% on net profit. However, we have obtained legal opinion from Legal advisor in this regard where it has been stated that Jamuna Bank Limited does not fall under this category. Therefore, no provision in this regard has been made in the financial statements during the year under audit.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We report that:

- (A) to the best of our knowledge and belief, we have obtained all the information and explanations which were necessary for the purpose of our audit;
- (B) in our opinion,
 1. the Statement of Financial Position and the Statement of Profit or Loss and Other Comprehensive Income respectively exhibit a true and fair view of the state of the Company's affairs at 31 December 2016 and of the Loss for the year ended on date and that the Statement of Financial Position and the Statement of Profit or Loss and Other Comprehensive Income contain all the information in the manner required by the Companies Act, 1994;
 2. proper books of account as required by law were maintained by the Company so far as appeared from our examination;
 3. the Financial Statements are in agreement with the books of account maintained by the Company and examined by us; and
 4. the Financial Statements have been drawn up in conformity with the Companies Act, 1994, BAS/BFRS and other relevant Laws.

AUDITORS' REPORT

Jamuna Bank Securities Limited

Introduction

We have audited the accompanying Financial Statements of **Jamuna Bank Securities Limited**, which comprise the Statement of Financial Position as at 31 December 2016 and the Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Accounting Standards (BAS) and Bangladesh Financial Reporting Standards (BFRSs), the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSA). Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedure that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
